

Reentry System Model Continuum

3 Phases of Reentry

Facility – Transition - Community

Continuous Case Plan is initiated at the reception center after the Washington ONE assessment is completed. This case plan continues to be updated until the individual completes their sentence including community supervision.

Transition is the Process

Facility Phase

Individual Reentry Plan (IRP) Facility Phase

- Reentry Envelope with Individual Reentry Plan, Essential Needs Checklist, and SMART goals worksheet introduced at orientation in the DOC Reception Center facilities for the individual to begin working on their reentry plan and individualized reentry portfolio

Washington ONE assessment

- Assessment to determine criminogenic risk and needs

Programming

- Various programs offered to address criminogenic needs as identified in the Washington ONE assessment and life skills (Thinking for a Change, Anger Management, etc.)

Education

- Education programs such as General Education Development (GED) and college courses

Treatment

- Treatment is available for mental health, chemical dependency, and sex offenses

Vocation Training and Employment

- Various vocational training and employment experience opportunities

Reentry Team Meeting (RTM)

- Collaborative meetings with the individual and reentry team members. Involvement in RTMs are standard for GRE and CPA and are used as needed for individuals at Reentry Centers

Transition Phase

Individual Reentry Plan (IRP) Transition Phase

- IRP is updated to reflect changes from facility phase and to prepare for community phase

Washington ONE assessment

- Assessments continue to be updated

Programming/Education/Treatment

- Programming continues as needed or requested
- Education continues as needed or requested
- Treatment continues as needed or requested
- Referrals to medication for opioid use disorder treatment program

Vocation Training and Employment

- Various vocational training and employment experience opportunities

Referrals to Community Based Resources

- Referrals and connections to various community-based resources

Family/Support member Connections

- Individuals connect with family and support system members to prepare for transition to the community

Housing Voucher

- Housing vouchers are available for eligible individuals (Earned Release Date, Graduated Reentry, CPA and Blake resentencing)

Reentry Team Meeting (RTM)

- Collaborative meetings with the individual and reentry team members. Involvement in RTMs are standard for GRE and CPA and are used as needed for individuals at Reentry Centers

Community Phase

Community Based Resource Connection

- Referrals to various community supports including programming, treatment, support groups, mentoring, vocational training, employment skills, etc.

Individual Reentry Plan (IRP) Community Phase

- IRP is updated to reflect changes from transition phase and to work on sustainability and stabilization of reentry goals

Washington ONE assessment

- Assessments continue to be updated

Programming

- Programming continues as needed or requested

Education

- Education continues as needed or requested

Treatment

- Treatment continues as needed or requested

Vocation Training and Employment

- Various vocational training and employment experience opportunities

Employment, Housing, Family/Support Member Connections

- Individuals work on finding stable employment or financial resources, long term permanent housing, and increasing family/support member connections.
