

Custody and Health Care Delivery Overtime

2022 Report to the Legislature

As required by [Engrossed Substitutive Senate Bill \(ESSB\) 5693](#)

December 2022

Publication Number 600-SR004

Cheryl Strange, Secretary
cheryl.strange@doc.wa.gov

Legislative Request

Section 223(2)(c) requires the Department of Corrections to track and report to the legislature on the changes in working conditions and overtime usage as a result of increased funding provided for custody relief and health care delivery by December 1, 2022.

Facilities Names with Abbreviation

Facility Name	Abbreviation
Airway Heights Corrections Center	AHCC
Clallam Bay Corrections Center	CBCC
Cedar Creek Corrections Center	CCCC

Facility Staffing Levels

Each Department of Corrections (DOC) facility offers unique challenges due to physical plant variations, additional mission components or requirements, regional and geographic differences, and staffing levels. The chart below shows the number of vacancies from FY 2017 through FY 2022 at each facility. The agency saw a dramatic increase in vacancies and the number of overtime hours starting in FY 2020 due to COVID and an influx of retirements/resignations due to the vaccine mandate.

Vacant Custody FTEs						
Facility	FY2017	FY2018	FY2019	FY2020	FY2021	FY2022

Custody Relief Staffing Pilot

The purpose of the Custody Relief decision packages was to address the relief rate deficient between funded custody annual leave, sick leave, and training to the actualized rates. DOC defines the industry term “relief” as coverage of mandatory posts, transports or watches.

Currently, due to a large number of vacant FTEs at most of our facilities, DOC has not been able to establish permanent relief positions. These posts are essential to the security and safety of the incarcerated individuals and staff at the prison facilities and take precedence over relief FTEs. The custody relief funds received have been used to offset the overtime expenditures rather than fill relief FTEs.

There are two facilities, CCCC and LCC, that are currently experiencing no to very low mandatory custody post vacancies. The DOC is currently working toward a pilot at CCCC and LCC to establish and fill permanent custody relief positions with the intention of lowering mandatory overtime and bringing the relief rates up to the actual experienced rate.

The table below shows a variance of 0.09 between the funded relief rate and the actual relief need.

Funded vs. Actual Relief Factors per FTE			
Leave Type	Funded		Actual
	Relief Rate	Relief Rate	Variance
Annual Leave	0.08	0.13	-0.05
Sick Leave	0.05	0.06	-0.01
Training	0.03	0.06	-0.03
Total	0.16	0.25	-0.09

Due to the deficiency between funded and actual relief rates, the absent posts are typically covered by mandatory or voluntary overtime, paid at time and a half, rather than dedicated funded relief FTEs. Starting in FY 2020 the legislature has funded custody relief FTEs in small increments as seen in the table below:

Budget Cycle		2020		2021		2022		2023	
		FTE	Fund	FTE	Fund	FTE	Fund	FTE	Fund
Requested	19-21 Budget Request	106.7	\$ 8,827,000	106.7	\$ 8,106,000
