NOTICE TO CONSULTANTS
REQUEST FOR QUALIFICATIONS

Submittal Date: March 12, 2018

DESIGN SERVICES REQUIRED for Project No. 3000143 **DOC-WCC: Transformer and Switches; Washington Corrections Center 2321 W. Dayton Airport Rd. Shelton Washington 98584**

Scope of Work

This Request for Qualifications is for the purpose of selecting a consultant for design Services for the **DOC-WCC: Transformer and Switches Project** located at Washington Corrections Center (WCC) in Shelton, Washington.

This project replaces the 50+ year old high voltage distribution system, original equipment: oil filled transformers, switches, associated panels, high voltage cable, emergency generators and switchgear with new equipment that is properly sized to handle the current and future electrical demands.

The new system will add a new 12.47 KV service switch gear with new equipment. The switches will need to be replaced and designed for a central generation system when it is installed in a different phase. The work will require trenching, new electrical vaults, new conduit and cabling. The site work will be challenging due to the existing underground infrastructure and working inside the secure perimeter of a close custody prison.

A great deal of planning and coordination will be required to minimize interruption to the facility. All outages will need to be scheduled in advance to minimize duration of facility interruptions.

The anticipated MACC for this project is \$1,754,000.00 for the first phase of construction.

The successful team will have experience with performing work inside an occupied correctional facility, scheduling work to minimize disruptions, designing high voltage distribution systems, and construction administration.

There will be an **Informational Meeting** for all requests on:
Monday, March 5, 2018, 09:00AM – 11:00 AM

Location:
Department of Corrections Headquarters
7345 Linderson Way

Tumwater, WA 98501

Selection Criteria

Firms will be selected in a two-phase process: Phase 1 - short listing firms based on submitted information and Phase 2 - oral presentations and interviews of short listed firms.

Firms will be considered for interviews based upon the following criteria, as indicated, for a total of 100 possible points:

Qualifications of Key Personnel, including sub-consultants: Please include a percent time commitment for each individual who will be assigned to this project **(30 points)**;
Relevant Experience. Please also highlight experiences performing work inside correctional facilities, scheduling work to minimize disruptions, and designing electrical distribution projects **(30 points)**;
Past Performance relative to maintaining scope, schedules, and budget **(20 points)**;
Geographic Proximity **(10 points)**;
Diverse Business Inclusion Plan **(10 points)**;

Other Information

The state reserves the right to continue with the consultant selected or has the option to conduct a new consultant selection process for future services beyond those services advertised above. This will include, but not be limited to future phases of this project, or additional unanticipated projects at this facility or other smaller facilities in the region throughout the 2017-19 biennium.

The Agreements for Consultant services will be the standard Engineering and Architectural Services Agreement and fees will be negotiated when applicable, on a current Architectural/Engineering Fee Schedule for Washington State Public Works Building Projects.

All submitting firms are encouraged to register in Washington's Electronic Business Solution Application (WEBS) at: <https://fortress.wa.gov/ga/webs/>.

Voluntary numerical Diverse Business Inclusion goals have been established for the project as: 10% MBE, 6% WBE, 5% Washington Small Business, and 5% Veterans have been established for this project. Achievement of the goals is encouraged. The consultant and all sub-consultants are required to register and create an account with the DES Diversity Compliance program (B2Gnow). B2Gnow is designed to streamline and automate compliance reporting requirements. Additionally, all large project selections (fees over \$350K) are required to have a plan for Diverse Business Inclusion.

Consultants may contact the following resources to obtain information on certified and registered diverse business firms for potential sub-consultants:
