Mrs. Ramsdell-Gilkey presented this case.

Mr. Gilligan was seen for a .100 Hearing at the Monroe Correctional Complex – Twin Rivers Unit on May 2, 2017.

Risk assessment scores rate him as a high risk to re-offend sexually.

Mr. Gilligan is under the Board’s jurisdiction in Spokane County Cause #84-1-00375-9 for Kidnapping in the First Degree. He was originally given a suspended sentence and committed as a sexual psychopath to Eastern State Hospital. His sentence was revoked when Eastern State Hospital staff determined that after three years, Mr. Gilligan could no longer benefit from treatment.

According to file materials, Mr. Gilligan drove up to an unknown 8 year old female who was walking from her father's apartment and her nearby home. He grabbed her and threw her into his vehicle, drove to a remote location, sexually assaulted her, and left her at the scene. Mr. Gilligan was 32 years old at the time of this crime and is currently 65 years of age.

Prior to this crime, Mr. Gilligan committed five different sexual assaults in California and Oregon. His victims were both minor and adult females.

Mr. Gilligan has committed one infraction during his incarceration that occurred in 2004.

Mr. Gilligan did complete the Sex Offender Treatment and Assessment Program (SOTAP) and aftercare. When the Board saw him in 2015 they recommended that he complete SOTAP again, but Mr. Gilligan did not feel he needed additional treatment.

Mr. Gilligan has no specific release plans. He is wheelchair bound, however even with his physical limitations, the Board still finds him to be a risk to re-offend and not fully rehabilitated at this time.

- **Recommendation:** The panel recommends that Mr. Gilligan be found not parolable, and that thirty-six (36) months be added to his minimum term,
- Next Action – The Board would like to see Mr. Gilligan complete SOTAP prior to his hearing 120 days prior to his PERD.
