Discussion	<ul style="list-style-type: none"> • How to Navigate the DOC website for more info • Contacts info for questions <p>What questions do you have? Please explain the details of siting beds in each county. Timeline seems fast. Is there currently or has there ever been WR beds in Snohomish Co? What percentage of people fail in the WR program? What happens after people are released from the WR facility? Do they have to check in with anyone? What square footage of building are you looking for? How many beds are typically in each facility? When you open these types of facilities is there community concern? What other services do you provide other than housing? Bus passes, etc? How long will the RFQ/RFP process take? Whoever is chosen to be the builder may not have community support. Do you anticipate a WR facility in Snohomish County to be co-ed? Are there any preferred locations that you are looking at? How would a 20-year lease be negotiated with DOC?</p>
