December 3, 2020

TO: All SCCC Employees  
FROM: Dan Van Ogle, Incident Commander  
RE: SCCC Positive COVID-19 Test Results - UPDATE

Today, SCCC received test results for an additional 84 incarcerated individuals who have tested positive for COVID-19. The individuals that tested positive have been in quarantine in H1 since Sunday, November 29, 2020. Mapping protocols are being followed.

The facility medical director has begun the incarcerated and staff contact mapping process, following established protocols. A health care team will continue doing symptom and temperature checks of all incarcerated individuals in the housing unit where the positive individuals were housed.

Employees and incarcerated individuals considered to have been in close contact with the incarcerated individuals will be notified. Any employee confirmed to have been in close contact will be asked to self-quarantine at home until the suggested 14-day quarantine period ends.

Currently outside recreation yards are cancelled to help mitigate the spread of COVID-19 in the facility, mainline will continue to run as normal for dinner. Plans will be implemented for meals and other needs going into tomorrow, December 4, 2020. All programming areas are closed with the exception of essential laundry, kitchen, and some engineering workers.

Plans are being made to use the gym as an alternative housing location.

I appreciate your continued efforts to maintain appropriate protocols, wear proper Personal Protective Equipment (PPE) and appropriately socially distance. We will continue to communicate with you as we progress through this pandemic. If you have any questions, please contact the Shift Commander.
