SCCC Incident Command Post

A handwritten signature in blue ink, appearing to be "Gina Penrose", written over the "FROM:" field.

Subject: COVID-19 Update

The facility continues to respond to the COVID-19 outbreak. As the number of new positive cases decreases, and incarcerated individuals recover, we will continue to increase opportunities for individuals to return to the work in Correctional Industries (CI), laundry, property, food service, and engineering. This week both the CI and engineering rosters were increased.

The facility is continuously evaluating the population to determine cleared living unit pods to allow access to outdoor recreation. The schedule will be updated as we progress through the pandemic.

The alternate housing areas in P Building and CI remain closed. As of 1400 hours 01-27-2021, the visit room was reopened as an alternative housing are for COVID-19 positive individuals.

Thank you for your patience and cooperation with these changes. Please continue to wear your mask, wash your hands, social distance at all times and follow the cohort schedule when directed.
