March 12, 2021

TO: All Incarcerated Individuals
FROM: Dan Van Ogle, Incident Commander
SCCC Incident Command Post
Subject: COVID-19 Weekly Update

Through our continued efforts to mitigate the spread of COVID-19 and the use of medical isolation and quarantine procedures, it is time we announce that we are officially off of outbreak status at Stafford Creek. With that being said, you must still maintain social distancing and wearing masks.

We are developing plans and schedules to begin movements to P Building for programming. This will begin to roll out in a week and the schedules will be shared. This will include a cohorting plan for the use of P Building by certain units on certain days. The programs will have limited seating and barriers will be put in place as well as signage on the floors and seating to indicate where it is appropriate to be seated.

We will continue to make some moves of individuals from unit to unit to coordinate a cohort plan for Correctional Industries workers. Unit Managers are still authorized to make moves between units and inter-unit moves as well.

Our current movement schedules and work and program schedules will remain in effect indefinitely or until we receive directions that indicate a change is needed.

Your continued cooperation is appreciated.
