September 1, 2021

TO: All CBCC Incarcerated Individuals
FROM: Jeri Boe, Superintendent
SUBJECT: CBCC COVID-19 Weekly Update Memo

Last week Clallam Bay Corrections Center (CBCC) confirmed that twenty-two (22) incarcerated individuals in G Unit tested positive for COVID-19. As a result of these test results, and in conjunction with clinical staff it was determined to place Clallam Bay Corrections Center on Facility Wide Outbreak status.

The entire facility was tested and those test results came back today with 16 more positive COVID-19 tests from the incarcerated population.

As a result of the additional positive tests we moved the medical isolation cases into C unit Green pod. Additionally, individuals previously quarantined in G unit are now on quarantine in C unit Red and Brown pods.

G unit no longer has any incarcerated individuals and will remain closed until those incarcerated individuals are off quarantine and medical isolation status.

A unit is now on quarantine status as a result of positive cases identified there as well.

The remaining units (B, D, H, I and J units) will remain on restricted movement due to COVID-19.

These steps are meant to minimize the short and long-term impact that our response will have on our incarcerated population at CBCC. As we move forward you can expect to see cohorting in the dayrooms and shower/bathroom areas, serial testing of our incarcerated population, and an increased awareness to Personal Protective Equipment (PPE) protocols, cleaning, sanitizing, and disinfecting, and social distancing. It is our hope by taking these measures that we can cut down on the amount of potential exposures and reduce the amount of time it will take to get back to a new normal with our operations.

I am hoping that each and every one of you will be committed to following these standards so we can move past these restrictions as quickly as possible. By working together, I know that we can get past this difficult time and get to a place in which we can all have some relief from the restrictions that this pandemic has brought upon us all.

Thank you all for your continued cooperation and patience through this difficult time.
