TO: All CRCC Staff
FROM: Jeremy Long, Captain 
SUBJECT: CRCC COVID-19 Limited Area Outbreak

On September 6, 2021, Sage East was placed on Limited Area Outbreak status. Sage East continues to remain quarantined and unable to participate in visitation. The last serial testing of all incarcerated individuals in Sage East was completed on October 6, 2021 with expected results back on October 8, 2021.

Additionally, on October 8, 2021 Sage West was removed from Limited Area Outbreak and is no longer on quarantine. They can resume visitation per the visitation schedule.

Additionally, on October 1, 2021 C-Unit and H-Unit were removed from Limited Area Cluster status and staff no longer need to serial test twice a week.

While Sage East-Unit will remain quarantined and unable to participate in visitation, the rest of the facility will continue normal operations per the visitation schedule.

It is imperative that everyone continue to wear a surgical mask, or appropriate Personal Protective Equipment (PPE), practice social distancing at all times and hold the incarcerated responsible to meet these standards. Similarly, it is vital that we continue to follow the Centers for Disease Control (CDC) guidelines, ensuring to follow the six (6) foot social distancing rule, washing your hands, and keeping areas of the institution sanitized.

Corrections is committed to everyone's safety. We will continue to communicate with you as we progress through this pandemic.
