  - o Brown pod houses isolation cases
  - o Green pod continues normal operations
- B unit continues with normal operations
- C unit
  - o Red pod houses I unit quarantine
  - o Brown pod houses high risk quarantine
  - o Green pod houses isolation cases
- D unit continues with normal operations
- F unit continues with normal RHU operations
- G unit remains on quarantine in G unit
- H unit continues with normal operations
- E unit, I unit, and J unit are closed

Tomorrow, Friday October 29, 2021, we will be testing A unit Red pod and we expect to receive those results on Sunday.

We must continue our commitment to following the COVID-19 protocols, cohorting in the dayrooms and shower/bathroom areas, serial testing our incarcerated population, and an increased awareness to Personal Protective Equipment (PPE) protocols, cleaning, sanitizing, disinfecting, and social distancing.

We are experiencing progress in reducing potential exposures and the numbers of positives continue to trend down. Thank you all for your continued cooperation and continued vigilance in following the COVID-19 protocols, and patience through this difficult time.
