 Danielle Armbruster, Assistant Secretary-Reentry Division

SUBJECT: Reduced Commissary Spending Limits

Due to the ongoing COVID-19 outbreak at Monroe Correctional Complex’s Twin Rivers Unit (TRU), and impacts to available staffing resources, effective December 10, 2021, there will be a temporary change to the commissary order limits at all DOC facilities. Commissary operations at Monroe Correctional Complex are experiencing worker shortages, due to the outbreak at TRU. As Monroe is one of the major distribution hubs for statewide products, this is causing a significant impact on commissary services. The reduction of spending limits will allow commissary operations to keep up with the demand and fulfill orders statewide.

The Monthly Property Program and Food Package Program are anticipated to proceed as normal as CI makes every effort to ensure orders are fulfilled according to schedule. We understand the impact changes like this can have and appreciate your patience and understanding during this time.

At this time, there are no changes to the products available or unit delivery schedules. Unit movements have made some deliveries challenging and we ask for your patience. Correctional Industries will monitor resources and provide an update on the changes to spending limits on January 10, 2022. We appreciate your patience and understanding during this time.

In accordance with [DOC 200.210 Prison Commissary](#), the maximum spending amounts will be adjusted as follows:
