January 12, 2022

TO: All MCC Staff

FROM: Daniel W. White, Deputy Incident Commander

SUBJECT: MCC-TRU and MCC-SOU COVID-19 Limited Area Outbreak

On January 12, 2022, Monroe Correctional Complex (MCC) confirmed that two (2) incarcerated individuals from TRU A Unit, five (5) incarcerated individuals from TRU C Unit, and three (3) incarcerated individuals from SOU D Unit tested positive for COVID-19. Due to these positive test results, TRU A Unit, TRU C Unit and SOU D Unit were placed on quarantine status on January 12, 2022, and additional testing was conducted.

MCC prisons leadership, in conjunction with clinical leadership, determined to place TRU A Unit, TRU C Unit, and SOU D Unit on Limited Area Outbreak status.

MSU C Unit, SOU B Unit, and SOU E Unit also continue to be on Limited Area Outbreak status.

In following department COVID-19 protocol, visitation will be cancelled within areas affected by an outbreak. All other units will continue under normal operations.

It is imperative that everyone continue to wear a surgical mask and appropriate [personal protective equipment \(PPE\)](#), and hold the incarcerated responsible to meet these standards. Similarly, it is vital that we continue to follow the [Centers for Disease Control \(CDC\) guidelines](#): ensuring to follow the six (6) foot social distancing rule, washing your hands, and keeping high-touch areas of the institution sanitized.

Corrections is committed to everyone's safety. We will continue to communicate with you as we progress through this pandemic.
