It is imperative to make sure you continue to wear your appropriate [personal protective equipment \(PPE\)](#), as well as practice social distancing at all times. Please encourage and model the same behavior that we expect from our incarcerated population.

Similarly, it is vital that we continue to follow the [Centers for Disease Control \(CDC\) guidelines](#), ensuring to follow the six foot social-distancing rule, wash your hands, and keep areas of the institution sanitized. Staff must remain diligent in wearing masks at all times, as your safety, as well as your family's, are a priority.

Corrections is committed to everyone's safety. We will continue to communicate with you as we progress through this pandemic.
