

STATE OF WASHINGTON
DEPARTMENT OF CORRECTIONS
P.O. Box 41100 • Olympia, Washington 98504-1100

January 26, 2022

TO: All CCCC Staff
All CCCC Incarcerated Individuals

FROM: Tim Thrasher, Superintendent 

SUBJECT: CCCC Facility Wide Outbreak

Beginning January 19, 2022, CCCC in its entirety was put on Facility Wide Outbreak – Restricted Movement Status – due to COVID-19. This change has impacted the incarcerated population’s ability to attend regularly scheduled programs, call-outs and services. Additional information will be sent regarding these changes.

Cedar Creek Corrections Center (CCCC) has had 64 confirmed cases of COVID-19 in the incarcerated population in the last 14 days. A total of six individuals have reached the recovered stage and have been removed from medical isolation. These individuals do not pose a threat of spreading COVID-19 to other individuals and have been moved back into their original housing areas. Positive cases have been found in both Cascade and Olympic Units. As a result of the COVID-19 positive cases, CCCC continues to test the entire population regularly. Following the [Prisons Division Cluster and Outbreak Checklist](#) due to the positive COVID-19 tests we will continue to remain on Facility Wide Outbreak status at this time. N-95 Masks are available upon request in each housing unit.

These steps are meant to minimize the short and long-term impact that our response will have on our incarcerated population at CCCC. As we move forward in the coming days you can expect to continue to see cohorting in the dayrooms and shower/bathroom areas, serial testing of our incarcerated population, and an increased awareness to personal protective equipment (PPE) protocols, cleaning, sanitizing, and disinfecting, and social distancing. It is our hope by taking these measures that we can cut down on the amount of potential exposures and reduce the amount of time it will take to get back to a new normal with our operations.

As before, I ask each and every one of you to be committed to following these standards so we can move past these restrictions as quickly as possible. By working together, I know that we can get past this difficult time and get to a place in which we can all have some relief from the restrictions that this pandemic has brought upon us all.

Thank you all for your cooperation and patience through this difficult time.

“Working Together for SAFER Communities”
