

STATE OF WASHINGTON  
**DEPARTMENT OF CORRECTIONS**  
P.O. Box 41100 • Olympia, Washington 98504-1100

February 2, 2022

**TO:** All WCC Staff  
All WCC Incarcerated Population

**FROM:** Shawn Brooks, Incident Commander 

**SUBJECT:** WCC COVID-19 Update

January 6, 2022, Washington Corrections Center was placed on Facility Wide Outbreak status and began testing the entire population. Since then, every living unit has been regularly tested in an orderly fashion. Due to delays in receiving test results from the lab, WCC has recently transitioned to the use of Rapid-Antigen Tests. As of February 1, 2022, WCC has 368 medically isolated COVID-19 positive incarcerated individuals.

We continue to follow the [Prisons Division Cluster and Outbreak Checklist](#) and remain in restricted movement at this time.

Washington Corrections Center has resumed the classification process for Individuals who have been medically cleared. Additionally, inter-facility transports have also resumed for specific Individuals as cleared by medical.

Over the next week, every living unit will continue to be administered COVID-19 tests in a systematic fashion, based on an area's identified risk. WCC has returned to PCR testing process where we have been able to.

Please be aware that we do not move individuals out of medical isolation until they meet CDC/DOC criteria for being recovered from their COVID-19 infection and are no longer considered infectious.

It is imperative that everyone continue to wear a surgical mask or appropriate [personal protective equipment \(PPE\)](#). Similarly, it is vital that we continue to follow the [Centers for Disease Control \(CDC\) guidelines](#): ensuring to follow the six foot physical-distancing rule, washing your hands, and keeping high-touch areas of the facility sanitized.

Corrections is committed to everyone's safety. We will continue to communicate with you as we progress through this pandemic.
