

STATE OF WASHINGTON  
**DEPARTMENT OF CORRECTIONS**  
P.O. Box 41100 • Olympia, Washington 98504-1100

February 9, 2022

**TO:** All Bellingham Work/Training Release Staff & Residents  
**FROM:** Vicky Neufeld, Community Corrections Supervisor  
**SUBJECT:** Bellingham Work/Training Release COVID-19 Facility Wide Outbreak

On January 8, 2022, Bellingham Work Training Release (BWTR) was placed on quarantine status as a result of three (3) confirmed positive cases of COVID-19 and per the [Work/Training Release Cluster & Outbreak Checklist](#). As of February 9, 2022, BWTR has had eight (8) COVID-19 cases in residents during the last 30 days and currently has two (2) active cases. To mitigate the spread of COVID-19, we are following appropriate protocols to increase sanitation efforts, screening and serial testing to quickly identify others who may have been exposed and limiting the movement among residents to help eliminate any exposure.

The facility implemented a structured response to ensure essential activities continue, such as laundry, meals, showers, communication, and releases/transfers/intakes. Your health and safety continue to be our main priority. All medical directives are in accordance with [Washington State Department of Health](#) and [Centers for Disease Control](#) Guidelines.

Having completed both rapid and PCR testing of all residents this week, we are hopeful that our Limited Area Outbreak status will be lifted soon, and all residents will be able to return to work and return to our pre-outbreak operations. To reduce the risk of COVID-10 to yourselves, please consider getting fully vaccinated, to include your booster. Point to point passes are available for these vaccine appointments through your assigned CCO.

Residents have access to cell phones to increase communications with staff, friends, and family. For those no longer in quarantine, please remember to turn in your cell phone to staff at curfew in accordance with our pre-outbreak practice. It is important that you report any symptoms to staff as soon as you become aware. Ensure you follow the quarantine and/or covid protocols by wearing your surgical mask at all times, disinfect anything that you touch and wash your hands immediately after touching a surface. Those on the 3<sup>rd</sup> floor of our 1125 building must remain in your room, leaving only for restroom use or in the event of an emergency evacuation.

It is imperative to make sure you are wearing your appropriate [Personal Protective Equipment \(PPE\)](#), as well as social distance at all times. This is especially important when residents are going to and from the bathrooms and showers. Please be diligent in following proper protocols and put on your mask prior to opening your door. Surgical masks will be available for daily replacement or when mask is wet or soiled.

We appreciate your continued patience. We are working hard to ensure you have resources to address any emotional distress during this time. We will provide activity packets, craft supplies and reading/writing materials to help pass the time in quarantine if needed.

I want to thank you for your understanding and cooperation during this very difficult time. It is important to remain strong, to support one another, and be kind. Please do your part to stay healthy.
