**TO:** Incarcerated Individuals  
**FROM:** Jefferey Perkins, Associate Superintendent  
**SUBJECT:** CRCC Weekly update COVID-19 Facility Wide Outbreak

January 9, 2022, Coyote Ridge Corrections Center (CRCC) was placed on Facility Wide Outbreak and Facility Wide Cluster status.

February 20, 2022, A Unit I Tier was placed on quarantine status.

February 21, 2022, A Unit J Tier was placed on quarantine status.

MSC Units A I Tier and J Tier, G, and B Unit A Pod continue outbreak status and will test weekly (currently rapid testing). Recovered individuals do not test at this time.

Programming opportunities are currently minimal due to the continuing COVID-19 outbreak. We are giving yard time as staffing allows for B Unit B Pod, C, D, E, I, H and F Unit A Pod. There is no visitation due to the outbreak status currently.

While the facility remains on quarantine status, the units listed below have been identified as the following:

- **MSC F Unit B Pod** – Individuals that have tested positive (medical isolation)
- **MSC F Unit A Pod** – Being used for COVID-19 recovered individuals.
- **MSC D and E Units** – are on limited cluster status
- **MSC B Unit A Pod** – Individuals that have had close contact with an individual that has tested positive (Quarantine) or are on transfer separation
- **MSC A Unit, G, H, and I Tiers** – ADSEG Individuals that have tested positive (medical isolation)
- **MSC C, H and I Unit** – are on limited cluster status
- **MSC B Unit A Pod and G Unit** – Remain on outbreak status

We continue to follow the [Prisons Division Cluster and Outbreak Checklist](#) and remain on restricted movement at this time. It is imperative that everyone continue to wear a surgical mask or appropriate [personal protective equipment \(PPE\)](#). Similarly, it is vital that we continue to follow the [Centers for Disease Control \(CDC\) guidelines](#): ensuring to follow the six (6) foot physical-distancing rule, washing your hands, and keeping high-touch areas of the facility sanitized.

Corrections is committed to everyone's safety. We will continue to communicate with you as we progress through this pandemic.
