**SUBJECT: CRCC COVID-19 Status Change**

On March 4, 2022, the status of CRCC B-unit has changed from B-unit A-pod Limited Area Outbreak to all of B-unit being on Limited Area Outbreak. A Unit H Tier also remains on Limited Area Outbreak.

The following areas will remain on quarantine status:

- B Unit
- A Unit H Tier

The following areas are currently on medical-isolation status:

- F Unit B Pod
- A Unit I Tier and J Tier

We will remain on Facility Wide Cluster status due to staff COVID cases and staff will continue to test twice a week.

The quarantined areas will continue to be routinely tested per the COVID-19 guidelines. B-unit B-pod is being tested today, March 4, 2022.

All units not effected by Covid-19 will continue to have normal programming and movement at this time.

We continue to follow the [Prisons Division Cluster and Outbreak Checklist](#) and remain in restricted movement at this time. It is imperative that everyone continue to wear a surgical mask or appropriate [personal protective equipment \(PPE\)](#). Similarly, it is vital that we continue to follow the [Centers for Disease Control \(CDC\) guidelines](#): ensuring to follow the six foot physical-distancing rule, washing your hands, and keeping high-touch areas of the facility sanitized.

Corrections is committed to everyone's safety. We will continue to communicate with you as we progress through this pandemic.
