

STATE OF WASHINGTON  
**DEPARTMENT OF CORRECTIONS**  
P.O. Box 41100 • Olympia, Washington 98504-1100

March 18, 2022

TO: CRCC All Incarcerated

FROM: Jefferey Perkins, Assoc

**SUBJECT: CRCC COVID-19 Status Change**

On March 16, 2022, the status of CRCC E-Unit has changed and the unit has been placed on Limited Area Outbreak quarantine status, due to incarcerated individuals and E unit staff testing positive. COVID-19 testing of E Unit will begin tomorrow March 17, 2022. C unit is not on quarantine restrictions, however, tomorrow March 17, 2022, will be tested due to other medium units being on quarantine.

The following areas will remain on quarantine status:

- B Unit
- D unit

The following areas are currently on medical-isolation status:

- F Unit
- A Unit I Tier
- A Unit H Tier Symptomatic- non positive

CRCC is off Facility Wide Cluster status and staff will revert to testing once a week.

The quarantined areas will continue to be routinely tested per the COVID-19 guidelines and feeding will be conducted in the unit per the cohort schedule.

All units not effected by COVID-19 will continue to have normal programming and movement at this time.

We continue to follow the [Prisons Division Cluster and Outbreak Checklist](#) and remain in restricted movement at this time. It is imperative that everyone continue to wear a surgical mask or appropriate [personal protective equipment \(PPE\)](#). Similarly, it is vital that we continue to follow the [Centers for Disease Control \(CDC\) guidelines](#): ensuring to follow the six foot physical-distancing rule, washing your hands, and keeping high-touch areas of the facility sanitized.

Corrections is committed to everyone's safety. We will continue to communicate with you as we progress through this pandemic.
