

## WA DOC COVID-19 ACTIVE SCREENING QUESTIONNAIRE

*This will be updated as the CDC and WA State Health Department's information on COVID-19 continues to change.*

Your health and well-being are of the upmost importance and we are taking measures to keep the facility/office a safe environment for employees as well as the individuals under our charge and the public. Therefore, anyone coming into the facility/office will be screened and part of our screening process will include taking their temperature and asking the following questions.

1. Within the last 14-days, have you had any of the following new symptoms that you **cannot** attribute to another health condition?
  - Cough
  - Sore throat
  - New loss of taste or smell
  - Shortness of breath or difficulty breathing
  - Muscle or body aches (not caused by physical activity such as exercise or having received the COVID-19 vaccine within the last 48 hours)
  - Sense of having a fever (if not vaccinated for COVID-19 in the last 48 hours) or fever (at or above 100.4°)
  - Nausea or vomiting
  - Diarrhea
  - Congestion
2. Within the last 14 days, have you had close contact, without the use of appropriate PPE, with someone who is currently sick with suspected or confirmed COVID-19?\* (*Note: Close contact is defined as within 6 feet for a total of 10 cumulative minutes or more, in a 24 hour period*)
3. Within the last 14-days, have you traveled outside of the country to a region where the new SARS-CoV-2 variant has been widely circulating, including but not limited to the United Kingdom, South Africa, or Brazil? (see [current list](#))

If the individual answers **YES** to any of the questions above OR has a temperature greater than or equal to 100.4°, they will be denied access into the facility/office unless determined otherwise by a designated DOC medical professional.

*\*Facilities identified as being at critical staffing levels may have essential correctional workers authorized by the HQ Emergency Operations Center to enter the facility under the following guidelines:*

- *As long as they remain asymptomatic;*
- *Self-monitor symptoms as outlined in the guidance; and*
- *Wear a surgical mask at entry and at all times while on facility grounds.*
- *Follow protocols outlined within the return to work guidance.*
