WA DOC COVID-19 ACTIVE SCREENING QUESTIONNAIRE

This will be updated as the CDC and WA State Health Department’s information on COVID-19 continues to change.

Your health and well-being are of the upmost importance and we are taking measures to keep the facility/office a safe environment for employees as well as the individuals under our charge and the public. Therefore, anyone coming into the facility/office will be screened and part of our screening process will include taking their temperature and asking the following questions.

1. Within the last 14-days, have you had any of the following new symptoms that you cannot attribute to another health condition?
   - ☐ Cough
   - ☐ Sore throat
   - ☐ New loss of taste or smell
   - ☐ Shortness of breath or difficulty breathing
   - ☐ Muscle or body aches (not caused by physical activity such as exercise or having received the COVID-19 vaccine within the last 48 hours)
   - ☐ Sense of having a fever (if not vaccinated for COVID-19 in the last 48 hours) or fever (at or above 100.4°)
   - ☐ Nausea or vomiting
   - ☐ Diarrhea
   - ☐ Congestion

2. Within the last 14 days, have you had close contact, without the use of appropriate PPE, with someone who is currently sick with suspected or confirmed COVID-19?* (Note: Close contact is defined as within 6 feet for a total of 10 cumulative minutes or more, in a 24 hour period)

3. Within the last 14-days, have you traveled outside of the country to a region where the new SARS-CoV-2 variant has been widely circulating, including but not limited to the United Kingdom, South Africa, or Brazil? (see current list)

If the individual answers YES to any of the questions above OR has a temperature greater than or equal to 100.4°, they will be denied access into the facility/office unless determined otherwise by a designated DOC medical professional.

*Facilities identified as being at critical staffing levels may have essential correctional workers authorized by the HQ Emergency Operations Center to enter the facility under the following guidelines:

- As long as they remain asymptomatic;
- Self-monitor symptoms as outlined in the guidance; and
- Wear a surgical mask at entry and at all times while on facility grounds.
- Follow protocols outlined within the return to work guidance.
