

Washington Corrections Center Events

Calendar runs from June to June 2021-2022

Family Friendly Programs: These programs are available all year long! Please see your counselor for an application to participate!

Read to me Daddy- This program is dedicated to strengthening, expanding, and creating everlasting relationships with those incarcerated at WCC and their children at home. There is a full range of books available from ages 1-18. The incarcerated individual can read the book on camera and send the video home with the book. This program helps bridge the gap between father and child while encouraging the child to read the book along with their father. The child and father build a relationship while he is incarcerated. Visiting the prison for children can be scary so to be able to see their father on film in a comfortable chair with books, a colorful background, and to see him smiling while reading a book, helps foster the father/child relationship in a more relaxed setting.

Video Greeting Program- This 10-minute video program is very similar to the Read to me Daddy program; however, it is more adult, and family focused. The incarcerated population can choose to read a book, a poem, sing a song, or just send a video-gram home to their family assuring them they are doing well. They use the same comfortable area as the Read to me Daddy program and get to choose a suitable background for their video. This video greeting helps the population show their family what they have been up to and express to them their accomplishments they have made while incarcerated.

PLEASE NOTE: Due to COVID-19 restrictions and regulations information below can change at any time
