LT JUVBRD

- BROOKS, Carl
- DOC #259045
- Purpose: Full Board Discussion
- Date: April 4, 2022
- List of Documents Reviewed
 - ISRB File
- An updated prosecutor recommendation was not received.

- Mr. Brooks was seen for a release hearing in accordance with RCW 9.94A.730 on March 23, 2022, at the Coyote Ridge Corrections Center on March 23, 2022.

- **Summary Discussion**
Ms. Balmert presented this case.

Mr. Brooks is currently under the jurisdiction of the Board in King County Cause 84744 for Kidnapping in the First-Degree Count III (While Armed).

He has previously served under King County Cause 87477 on Counts I, VI and VII for Robbery in the First Degree (While Armed); Assault in the First-Degree

Count V (While Armed); and Burglary in the First-Degree Count VIII (While Armed).

He has consecutive counts under 84744 for Rape in the First Degree (While Armed) Count II and Murder in the Second Degree (While Armed) Count IV.

File materials describe the Kidnapping in the first Degree as follows: Counts I, II and III - Robbery in the First Degree involved a woman and her 7-year-old son who were ordered at gunpoint to drive around Mr. Brooks and his crime partner. During that time, she was robbed and raped, and the woman and her son were placed in the trunk of her car. A passerby heard them yelling and opened the trunk.

Counts IV and V involved an older husband and wife returning home after an evening out. The man was a retired law enforcement officer who had a gun. After retrieving a coat from the car, he saw that Mr. Brooks had grabbed his wife and was holding a gun to her. Mr. Brooks opened fire and a gunfight ensued until both were out of ammunition. Mr. Brooks then fled the scene. During this time the man was shot in the chest, and his wife was killed. The records describe that Mr. Brooks was using the wife as a shield. The man was in critical condition for some time but lived.

Count VI occurred only three hours after the previously described shooting. Mr. Brooks and his crime partner carjacked a woman and forced her to drive them around, while trying to steal the transaction number for her bank card. Mr. Brooks stole her jewelry and \$4.00 she had in her purse, and she was eventually let go.

Counts VII and VIII involved a woman who returned home to find Mr. Brooks in her residence. He held a gun to her head and demanded credit cards and transaction numbers. He assaulted the woman and restrained her.

Mr. Brooks has an extensive juvenile criminal history.

Mr. Brooks was 17 years old at the time of the crimes and is currently 62 years of age.

Risk assessment scores rate him as a high risk to re-offend.

Mr. Brooks' last infraction was in 2017.

He has done little programming and refused to participate in the psychological evaluation.

- **Decision**
The Board finds Mr. Brooks not releasable. He can re-petition the Board for a release hearing in 60 months.

- **Reasons:**
 - Dr. Richel’s psychological evaluation noted the following:
 - He refused to participate in the clinical interview. The impressions reported to Dr. Richel were that Mr. Brooks was cognitively capable but was paranoid and overly fixated on controlling details/words in the consent form. He left the meeting and called the State Patrol claiming the ISRB kidnapped him.
 - His psychological assessment and actuarial tools indicate an Integrative Final Risk Judgement – High Risk for Violence Related Recidivism.
 - Assessments PCL-R High, VRAG High, HCR2-v3 High, SAPROF Low.
 - End of Sentence Review Committee (ESRC) Level 3 aggravated from Level 2 based on pattern of behavior that increases risk of offense, deviant sexual preoccupation, and acting out during incarceration.
 - He has not completed any programming to mitigate his risk to the community, therefore making him more likely to commit another offense despite Conditions of release.

- **Next Action:**
Schedule .100 Hearing 120 days prior to his parole eligibility review date (PERD).

- **Recommendations:**
 - Mr. Brooks should continue with his positive behavior and access any programming available to him to mitigate his risk of sexually reoffending such as Sex Offender Treatment and Assessment Program (SOTAP).

- **Vote:**

Jeff Patnode	Agree with recommendation
Kecia Rongen	Agree with recommendation
