PRE-84

- AGTUCA, Kenneth
- DOC #626184
- Purpose: Full Board Discussion
- Date: April 28, 2025
- List of Documents Reviewed
 - ISRB File
- An updated prosecutor recommendation was not received.

- Kenneth Agtuca was seen for a .100 hearing on April 16, 2025, at the Stafford Creek Corrections Center.

- **Summary Discussion**
Corey McNally presented the case to the full Board.

- Kenneth Agtuca is under the jurisdiction of the Board for their conviction of Assault in the First Degree in Walla Walla County Cause #90-1-00246-1.

Mr. Agtuca and another incarcerated individual stabbed a third incarcerated individual 31 times while confined at the Washington State Penitentiary (WSP). He was 24 years of age at the time of the crime and is currently 72 years of age.

Previous Criminal History:

Mr. Agtuca's criminal history began in 1970. His history includes Robbery, Committing a Felony While Armed with a Firearm; Assault in the Second Degree; and Conspiracy to Commit Armed Robbery.

Risk assessments show him to be a low to moderate risk to re-offend.

Mr. Agtuca's last serious infraction, for drug and/or alcohol related issues, was in December 2024.

Mr. Agtuca has completed the following programs: Substance Use IDT March 9, 2023; Thinking for a Change June 17, 2024; Participated in: Alcoholic Anonymous Attendance log March 12, 2023 through September 9, 2024.

Mr. Agtuca would like to participate in the Oxford House program as well as receive tribal benefits.

- **Decision:**

The panel recommends Mr. Agtuca not be released and that 48 months be added to his Minimum Term.

- **Reasons:**

- Mr. Agtuca has completed substance use treatment and continues to get infractions for using substances which indicate he is not rehabilitated.
- Mr. Agtuca has been incarcerated almost continuously since the age of 17, is 72 years old and continues to be a management problem resulting in him being in maximum custody/IMU.
- He is considered moderate to high risk to reoffend and continues to engage in risk related behaviors while incarcerated.
- Mr. Agtuca is not able to manage his behavior while in prison giving the impression he would not be able or willing to comply with conditions of supervision if released.
- The most recent psychological evaluation indicates he is a questionable candidate for release due to his on-going risk related/antisocial behaviors.
- Mr. Agtuca has two prior failures on supervision, both times resulting in new crimes. This is indicative of future failure on supervision in the absence of programming which develops skills that he demonstrates

using on a regular basis. He regularly demonstrates he is not using skills to mitigate his risk as evidence by his infraction history.

- Due to Mr. Agtuca's infraction behavior he remains at a high custody level eliminating his eligibility for substance use programming. He is to manage his behavior to reduce his custody level in order to participate in programming.

- **Recommendations:**

- Substance Abuse Treatment, Assessment and Follow Recommendations.
- Sober Support Groups
- Other Programs, if eligible. Such as: Thinking for a Change, Redemption, Bridges to Life, Alternatives to Violence, Domestic Violence Treatment
- Remain infraction free and have positive interactions with staff
- Participate in next Hearing
- Develop a release plan/community support

- **Next Action:**

- Schedule a .100 Hearing approximately 120 days prior to PERD.

- **Vote:**
