PRE-84

- NASON, Norman (AKA Norma Nason)
- DOC #261754
- Purpose: Full Board Discussion
- Date: August 17, 2020
- List of Documents Reviewed
 - ISRB File
- An updated prosecutor recommendation was received prior to her last hearing dated June 30, 2020, recommending no release. A recommendation was not received for this hearing.
- Ms. Nason’s preferred pronouns of she/her will be used in these minutes.
- Ms. Nason was seen for a .100 hearing at the Monroe Correctional Complex – Twin Rivers Unit on April 5, 2022
- **Summary Discussion**
Mr. Patnode presented the case to the full Board.

Ms. Nason is under the jurisdiction of the Board in Spokane County Cause #79-1-00249-7 for Statutory Rape in the First Degree.

The crime involved Ms. Nason approaching two male's ages five and seven as they walked to school. She took them into an alley and sexually assaulted the boys. Ms. Nason was 20 years old at the time of the crime and is currently 63 years of age.

Ms. Nason previously served on Spokane County Cause 26679 for Indecent Liberties and Spokane County Cause 26680 for Indecent Liberties. Both causes reached their statutory maximum on February 18, 1989. Both victims were unknown seven-year-old boys.

Risk assessments show Ms. Nason to be a moderate risk to re-offend sexually and a low to moderate risk to reoffend violently.

Ms. Nason continues to do well and is not a management issue. Her last serious infraction was in 2002. Her counselor reports she is always respectful in their interactions. She has had limited access to programming due to COVID restrictions. However, she appears to be using skills to manage her behavior.

Programming

Ms. Nason does have community support from a longtime friend in the Seattle area and she is looking to access transitional housing in Snohomish County when she is back in the community.

Decision:

The panel recommends Ms. Nason be found conditionally parolable to a Mutual Re-entry Plan (MRP) and adds 36 months to her minimum term.

• **Reasons:**

- Ms. Nason has completed the Sex Offender Treatment and Assessment Program (SOTAP) and is reportedly using her interventions to manage her offense related arousal.
- Ms. Nason appears to have made additional progress since the last Board hearing and the recent psychological evaluations indicate she still poses a risk but may be ready to transition to the community.
 - In the most recent psychological evaluation by Ph. D Robtoy, dated November 21, 2021, she opines "It does however appear that Ms. Nason has gained as much from available programming, including SOTAP, as she can and is doing everything in her control to practice what she has learned. It seems likely she would continue to report her thoughts and feelings to her CCO as she does her CC. However, it is also possible that the stress of release and unstructured

environment might destabilize her progress”.

- Ms. Nason recently participated in a Forensic Psychological Evaluation (last was completed in 2012) date February 26, 2022, in which M.D., M.H.P., M.B.A. Brian Holoyda, Forensic Psychiatrist indicated Ms. Nason does not meet RCW 71.09 criteria, expressing the following.

‘It is also my opinion that Mr. Nason's diagnosis of pedophilic disorder meets the statutory definition of mental abnormality per R.C.W. 71.09.020. Despite this, Mr. Nason' s sexual violence risk assessment indicates that his risk of sexual reoffending is like the average sexual offender. In addition, it is my opinion that he does not have serious difficulty controlling his sexually violent behavior.’

- **Recommendations:**

- Ms. Nason should continue to remain infraction free, and participate in available reentry and or step-down programming (possibly camp at MCC-MSU) and/or settings in DOC.

- **Next Action:**

- Schedule .100 hearing 120 days prior to his parole eligibility review date (PERD).
