PRE-84

- OSBORNE, Donald
- DOC #267767
- Purpose: Full Board Discussion
- Date: August 17, 2020
- List of Documents Reviewed
 - ISRB File
- An updated prosecutor recommendation was not received.

- Mr. Osborne's .100 Hearing at the Monroe Correctional Complex – Twin Rivers Unit on August 5, 2020 was held in absentia and he refused to attend.

- **Summary Discussion**
Mr. Patnode presented the case to the full Board.

Mr. Osborne is under the jurisdiction of the Board for Kidnapping in the First Degree in Snohomish County Cause 82-1-00510-4.

The crime involved Mr. Osborne abducting a four year old girl from an apartment complex playground and sexually assaulting her. He was subsequently involved in a high speed chase with law enforcement. The four year old victim was discovered unharmed by the high speed chase in the

vehicle. Mr. Osborne was 30 years of age when the crime was committed and he is currently 68 years of age.

Along with the Kidnapping 1, Mr. Osborne was convicted of Assault in the Second Degree, Malicious Mischief and Attempting to Elude Pursing Police Vehicle. He also has a previous conviction out of Snohomish County for Indecent Liberties with a four year old girl.

Risk assessments show him to be a moderate risk to re-offend.

Mr. Osborne has not had any infractions since 2007.

Mr. Osborne has received favorable reports for work performance, but has not completed any additional offender change programs. He says he is done fighting with the Board and has resigned himself to die in prison.

Decision:

The panel recommends that Mr. Osborne be found not parolable and that 36 months be added to his minimum term.

- **Reasons:**

- **The Board cannot determine if Mr. Osborne is a fully rehabilitate and fit subject for release as he refused to meet with the Board in today's hearing. He continues to have risk assessments that indicate he is in the moderate to high range for future criminal behavior.**
- **Mr. Osborne's most recent participation in SOTAP indicated his progress was inconsistent and he has not completed additional risk related programming to further his rehabilitation and reduce his risk since his last Board hearing.**
- **Dr. Robtoy opines in the most recent psychological evaluation (March 25, 2020) that "while he has completed SOTAP, Mr. Osborne continues to demonstrate only limited insight into his offense behavior. This may be due to his cognitive abilities, as testing suggests mild cognitive impairment, but nevertheless, constitutes a risk factor for repeat offense behavior".**

- **Recommendations:**

- The Board would like to see Mr. Osborne participate in any programming available that will reduce his risk to the community. He may benefit from additional sex offender treatment if assessed as eligible for any of their programs. The Board will see Mr. Osborne

sooner if he contacts the Board and agrees to participate in the hearing process.

- **Next Action:**

- Schedule .100 hearing 120 days prior to his parole eligibility review date (PERD). The Board will see Mr. Osborne earlier if he agrees to meet with the Board.

- **Vote:**
