- DOC #625191
- Purpose: Full Board Discussion

- An updated prosecutor recommendation was not received.

- Mr. Blanchard was seen for a .100 hearing at the Monroe Correctional Complex – Twin Rivers Unit on November 20, 2018.

- **Summary Discussion**
Ms. Balmert presented this case.

Mr. Blanchard is under the jurisdiction of the Board in Snohomish County Cause 6894 for Rape. He has a consecutive Attempted Indecent Liberties in Snohomish County cause 83-1-00046-1.

Mr. Blanchard previously served time under the Board's jurisdiction for Snohomish County Cause 6507 Assault in the Second Degree. He has an extensive history of committing sexual assaults.

While Mr. Blanchard was on bail for Snohomish County Cause 6507, he picked up three unknown female hitchhikers, two of which were minors, and offered the girls beer and drove them to a remote location. He took them out to a 40 foot cliff and asked them to remove their clothes. When they refused, he threatened to push them over the cliff if they did not comply. They complied and he sexually assaulted them. He was 23 years old at the time of the crimes and is currently 67 years of age.

An overall risk level was not provided in the most recent psychological evaluation.

- Mr. Blanchard has had no infractions since 2008.
- Mr. Blanchard has completed the Sex Offender Treatment and Assessment Program (SOTAP) and aftercare.
- Mr. has submitted an unrealistic release plan and has little support in the community.
- **Decision:**
The full Board finds Mr. Blanchard not parolable and adds 48 months to his minimum term.
- **Reasons:**
 - Assessed as a Risk Level Three by the End of Sentence Review Committee (ESRC)
 - Referred for Forensic Psychological Evaluation (FPE) if found releasable
 - VRAG: Category 7, on average 76% reoffend violently within 7 years; 64% within 10 years (2016)
 - SORAG: Category 7, on average 58% reoffend within 7 years; 80% within 10 years (2016)
 - SAPROF: Total score of 15.5 pts out of a possible 32 points, which places him in the Moderate range for protective factors. The combined risk score of moderately high risk to re-offend with a moderate level of protective factors may reduce his overall level of risk to reoffend to a low-moderate level of risk for recidivism. (2016)
 - Sexual deviancy after treatment and while incarcerated (2008 sexually explicit story about a 7 year old child, large amount of pornography confiscated)
 - Extensive and lengthy sexual offending history
- **Next Action:**
Schedule .100 120 days prior to his parole eligibility review date (PERD).

- **Recommendations:**
Mr. Blanchard should continue to work on criminogenic behaviors and continue to remain infraction free
- **Vote:**
