Audit Findings

Audit Narrative

Deborah Striplin, U.S. Department of Justice certified PREA auditor for adult facilities was the lead auditor to conduct the Prison Rape Elimination Act (PREA) audit for Washington State Department of Corrections (WADOC), Eleanor Chase Work Release (ECWR).

Between April and June, 2017 limited communication was completed for development of Memorandum of Understanding and Statement of Work to include dates for on-site audit as part of the Western States Consortium. During this time frame the auditor downloaded and completed a cursory review of the previous DOJ audit of the ECWR with a final report date of October 29, 2015.

Sunday, July 2, 2017 the auditor provided the WADOC PREA agency coordinator with the Notification, to be posted no later than September 1, 2017. The notification contained information on the upcoming audit and stated that any offenders or staff with information may write to the PREA auditor with my address, in addition the notification listed all correspondence must include "For Eleanor Chase Work Release PREA Audit" on the envelope to be considered confidential to ensure mail to the auditor would get treated as privileged and confidential not to be opened by staff.

July 13, 2017 auditor reviewed Washington State Department of Corrections website, www.doc.wa.gov PREA page and sent a "test" report sexual misconduct and called the hot line receiving a confirmation and call back the same day.

August 15, 2017 the auditor was provided with photos of the posted notification which was uploaded into the pre audit documentation folder. This auditor did not receive any resident correspondence prior to or post audit.

September 6, 2017 this auditor received the pre-audit questionnaire and supporting documents from the WADOC agency PREA Coordinator.

September 18, 2017 auditor began review of documentation which was provided on a secure password protected flash drive from the agency PREA Coordinator. Flash drive contained all relevant documentation pertaining to each standard and standard elements (if applicable) for this audit. This auditor reviewed the information which included but was not limited to:

- Pre Audit Questionnaire (PAQ)
- WADOC policies
- WADOC procedures
- Contracts
- Training documents
- Investigation information
- MOU with SAFE and victim advocacy.

WADOC has multiple policies which are specific to standards and applicable elements. These policies and supporting documents were reviewed and will be noted within the applicable standard comments portion of this audit report.

Washington Department of Corrections has contracts with private agencies for the purpose of daily operations at several work release facilities. Eleanor Chase Work Release which is an all-female facility had been contracted with Pioneer Human Services for part of this audit time frame; contract K8574 which expired July 31, 2017. WADOC signed a new contract with the Transition House, Inc. effective August 1, 2017. Auditor reviewed both contracts and PREA information and requirements were reflected in the contract and met compliance with requirements.

Eleanor Chase Work Release had the same PREA audit team who had completed the Brownstone Work Release (BSWR) PREA audit on Monday October 16, 2017. The audit team members were Deborah Striplin, DOJ certified PREA auditor (lead), Darin Baker, DOJ certified PREA auditor (support staff) and Robert Hartman (support staff). At the completion of the BSWR on Monday, October 16, 2017 the audit team headed to Eleanor Chase Work release arriving on-site around 8:45 p.m. to conduct random staff interviews with the second shift staff members who work from 7:00 p.m. to 7:00 a.m. On Tuesday, October 17, 2017 at 8:30 a.m., the audit team returned to Eleanor Chase Work Release to complete on-site tour of the facility and additional staff and resident interviews.

Upon entry into the building audit team checked in at the staff duty station and proceed to the Administration conference room which is located in the basement for the initial meet and greet. In attendance was Beth Schubach, agency PREA Coordinator, Carrie Trogdon-Oster work release oversight administrator (WROA), Frankie Cook, Director of Brownstone and Eleanor Chase work release centers under contract 11572 - Transition House, Inc., Lori Morrow part time WADOC corrections specialist, WADOC CC3 Michele Mans.

After the meet and greet the audit team commenced the facility on-site tour under escort with Lori Morrow and Michele Mans. Eleanor Chase work release is a 3 story building consisting of the main level, second floor and basement.

1st floor: Main floor and entry area of the building. Entry into the facility is the staff duty station, which is where all staff, visitors and inmates sign in and out of the building. This level has resident rooms which all have individual doors and may house 2 to 3 residents, visiting room, day room, exercise room, staff offices, kitchen and dining area. All areas were toured with audit staff paying close attention to camera location, possible blind spots and looking to make sure staff offices, storage/closet doors were clearly marked. Audit team also checked to ensure doors that were required to be secure where secured, checked what type of locking device was on the doors and who had the keys to access secured areas and over all visibility of the area. Audit team reviewed video monitoring station and staff tour log books. PREA posters and audit announcement were posted and visible to staff and residents.

While touring the kitchen the audit team observed some blind spots which auditor required to be addressed by installing mirrors and during facility tours, staff should ensure doors into the kitchen are secured when not in use.

- December 5, 2017 auditor received an email which included pictures of mirrors placed in kitchen area blind spots and copy of directive to staff to keep doors secured when not in use.

2nd floor: Resident rooms all have doors and depending on size of the room two or three residents may be assigned and a small day room. There were no areas of concern and video monitoring was observed as well as PREA posters and audit notification.

Basement: Staff conference room, staff offices, small laundry room and storage rooms. No areas of concern noted and the basement door is always secure and can only be accessed by staff. Inmates are only authorized when under escort to utilize the laundry facility.

At the completion of the facility tour specialized and random interviews of residents and staff were conducted by audit team utilizing current resident roster, staff shift roster, DOJ protocol questions for staff and updated (9/2017) DOJ inmate questions for residents. Residents and staff were selected at random. During the day of the audit there were residents who were available to be interviewed to meet the required amount. This auditor reviewed each standard, PAQ, supporting documents, observations made during on-site visit and information received during interviews with staff and inmates which resulted in ECWR not meeting compliance in some areas. During the corrective action period this auditor reviewed all documents provided as part of the corrective action plan and found ECWR was meeting and maintained compliance over this monitoring time frame.

ECWR should be commended on their hard work, dedication and commitment to helping residents re-enter into our communities and helping to ensure sexual safety for all residents while in their facility and throughout WADOC.

ECWR staff was extremely hospitable, respectful and answered any questions the audit team had for them. The Eleanor Chase Work Release staff continued to work at meeting and maintaining compliance and due to their hard work and commitment to inmate sexual safety the facility is in full compliance with all the PREA standards.

Summary of Corrective Action (if any)

By default ECWR was placed into corrective action for the same standards as BSWR. Both facilities are supervised by the same WADOC Community Corrections Supervisor and private contractor, Transition House, Inc. Director.

§115.232

During review of PREA training for contract staff it was found that not all contract staff had completed required PREA training prior to assignment. Due to the level of contact and job requirements for these contract staff this auditor expressed concerns about the time frame between dates of hire and the time contract staff received comprehensive training.

ECWR / BSWR CCS and the Transition House, Inc. Director developed a plan to monitor hiring and training records and made immediate revisions to the hiring process to ensure training requirements are met.

Beginning December, 2017 on a monthly basis up to March 26, 2018 monthly tracking reports and contract staff training acknowledgments were sent to this auditor. Auditor reviewed documentation and if needed contacted agency PREA coordinator for clarification. BSWR CCS did a phenomenal job during the corrective action monitoring time and worked diligently meeting compliance and continued to meet compliance over the months being monitored.

§115.267

During review of a sexual abuse allegation which required monitoring it was found that when the resident was transferred to another facility there was no documentation to show that the receiving facility was notified to continue monitoring for retaliation. This was placed into corrective action to develop a process to ensure notification is made to the facility that the resident is being transferred to. It was also requested that there be a training/instruction provided to all the CCS and CS staff regarding the updated procedure.

February 12, 2018 the agency PREA coordinator emailed revised policy 490.860 reflecting the updated procedures, investigative check list, meeting agenda and list of CCS staff in attendance via skype. After review of documentation provided, the facility met this standard.

Auditor was provided policies which were reviewed for complete standard compliance. This auditor included some sections/segments of the DOC policy that is applicable in part to this standard within the comment section.

- DOC 110.110 Work Release Management Expectations
- DOC 300.500 Work Release Screening
- DOC 490.800 Prison Rape Elimination Act (PREA) Prevention and Reporting

Memos and supporting documents were provided which provided additional information supporting policy and standard compliance.

Memo dated January 27, 2016 provided clarification and summarized WADOC practice related to staffing plans.

Memo dated June 20, 2017 noted that during the audit period ECWR had no instances where the contract agency, Pioneer Human Services had requested to operate outside of staff patterns and defined in the contract. August 1, 2017 new contract with Transition House, Inc. began and had no instances of operating outside of the staffing patterns.

Proof of practice and compliance with policies was further confirmed during specialized interview with the facility head CCS who spoke of staff plan and action taken if staffing ratio was to fall under, however this had not occurred. Further compliance was confirmed during interviews with staff and inmates as these interviews confirmed there are always two CTs on each shift. ECWR does have camera/video monitoring system in place. During on-site tour the audit team paid particular attention to staff on shift and observed they were making frequent tours and conducting count.

ECWR is an all-female facility. During on-site visit there was one female and one male CT on each shift, first shift (0700 – 1900) second shift (1900 – 0700). Compliance with these policies was confirmed during on-site staff and inmate interviews.

All staff are required to review the PREA procedure manual which contains all training material and requirements upon hire and before working with residents. Prior to on-site audit the new hire CT had completed the community confinement class room academy. Interviews with residents provided additional support that staff were conducting pat searches appropriately and at no time were any searches completed by cross gender staff.

Related to cross gender announcements, the audit team confirmed proof of practice and compliance during on-site tour of the facility. ECWR staff member completed cross gender announcement for the male audit team members prior to entering resident rooms. During interviews of staff and inmates both confirmed cross gender announcement are made every time cross gender staff enter resident housing areas. ECWR did not have a Transgender or intersex resident however, interview responses from staff confirmed that they would not search or physically examine transgender or intersex residents.

Pat searches will be conducted by a trained employee of the same gender as the offender being searched, except in emergency situations.

DOC 490.800

Phone interview with CCS and random/specialized staff interviews confirmed knowledge and understanding of the agency policy and response when receiving a report of sexual abuse.

Friday, November 3, 2017 auditor made a phone call to the Lutheran Community Services NW. Auditor left message with employee who stated they would provide the message to the staff member who oversees this program. As of date of final audit report, this auditor had not received a return call.

Auditor reviewed interagency agreement K11494 between WADOC and Department of Commerce Office of Crime Victims Advocacy (OCVA) which was renewed July 1, 2017 and will expire June 30, 2019. Agreement clearly articulates within the scope of work that the agreement provides a comprehensive and sustainable approach for DOC compliance with federal PREA requirements, as well as provides advocacy services for offenders who are or have been sexually harassed or assaulted and responding to sexual assaults within WADOC prison and work release centers. The scope of work is outlined with the introduction, advocacy services, work plan, service component, education, consultation and technical assistance component, budget, subcontractor and compliance plane. The subcontractor is a partnership between OCVA and the Washington Coalition of Sexual Assault Programs (WCSAP).

This agreement is also applicable to and outlines requirements under 115.253.

All administrative investigations are conducted by agency staff who have received specialized training in compliance with 115.234. Related to criminal investigations there is a referral process which is followed by the appointing authority. The local Sheriff's office or Police Department if the facility is located within city limits is the primary investigator. If the local agency refuses to investigate, the WSP could conduct a criminal investigation at the request of the facility.

Interview with CCS confirmed knowledge of the criminal investigation process and referral. Interviews with staff confirmed knowledge of who they report to and outside law enforcement would conduct the criminal investigation. ECWR did not have any sexual abuse allegations/investigations during audit time frame.

DOC 490.860

The Department will thoroughly, promptly, and objectively investigate all allegations of sexual misconduct involving offenders under the jurisdiction or authority of the department. Additionally in-service LMS PREA training is completed annually exceeding the standard requirement of every two years.

- WADOC PREA brochure: Information for staff, contract staff and volunteers

ECWR new hire contract staff complete the LMS PREA training once they have been assigned a log in and also receive additional PREA training during the academy which includes scenario based training which enhances the on line training.

Due to the recent change in work release center contractor changing from Pioneer Human Services to Transition House, Inc. there were some transition issues and challenges to overcome in such a short period of time prior to scheduled PREA audit. Transition House, Inc. rehired a limited amount of contract employees who were employed by the prior contractor; however a majority of the contract staff were new hires. During on-site audit interviews with ECWR staff on shift confirmed that they had received training. However, this facility has the same CCS and private contract director as Brownstone Work Release (BSWR) and by default they were placed into corrective action along with BSWR.

Auditor spoke with the PREA agency coordinator, WROA and The Transition House, Inc. Director who created a plan of action. On October 18, 2017 auditor received an email with attached memo from the Transition House, Inc. Director dated October 17, 2017 detailing the action taken addressing the current training concern and also included a long term action plan and updated the new employee training requirements upon hire. Included in the documentation provided were signed copies of the WADOC DOC 03-478 PREA zero tolerance and acknowledgement that they have read and understand DOC PREA policies 490.800 - Prevention and Reporting, 490.850 – Response, 490.860 – Investigations and DOC 850.030 – Employee relationship/contacts with offenders. Staff roster initialed by contract employee that they completed PREA Response training with CCS and contract director and LMS video training.

While initial action was taken, this auditor was concerned about the time frame between the dates of hire and the CT receiving a more comprehensive training. CTs and on-call CTs have direct contact and supervision responsibilities similar to correctional officers. The Transition House, Inc. Director provided a long term plan, however, this auditor is requiring a minimum of 120 days up to 180 days corrective

action from the date of the interim report for further supporting proof of practice. Information should include a list of new hire and on-call CT's training to include date of hire, DOC 03-478, date of more comprehensive training i.e. LMS and in class instruction.

Corrective action was completed on March 26, 2018 meeting compliance with this standard and is noted in the summary of corrective action.

DOC 490.800

ECWR has one full time CCO staff and one CCO who splits his time between Brownstone and Eleanor Chase Work Release centers. CCO staff are responsible for completing intake/transfer assessments within 72 hours and reassessments within 30 days. This auditor interviewed the full time CCO separately and in private utilizing the specialized interview questions for staff that perform screening and intake. The CCO who splits his time was interviewed during BSWR on-site audit. Interview with CCO and reviewing her tracking sheet which is updated weekly to ensure she is within time frames supported proof of practice.

DOC 490.800

Information related to allegations/incidents of sexual misconduct is confidential and will only be disclosed when necessary for related treatment, investigation, and other security and management decisions. Staff who breach confidentiality may be subject to corrective/disciplinary action.

DOC 490.820

Classification Counselors and designated Work Release employees will complete a PREA Risk Assessment within 72 hours of arrival for all offenders arriving at any Department facility. Facilities will establish procedures to ensure completion within 72 hours, even on weekends and holidays.

- Facilities will take into account all available information (e.g., previous PREA Risk Assessments, medical/mental health assessment information).

A follow-up assessment will be completed between 21 and 30 calendar days after the offender’s arrival at the facility.

For cause assessments will be completed within 10 business days by the assigned Classification Counselor/CCO:

- When additional information is received suggesting potential for victimization or predation (e.g., reports of behavior while in jail or on the bus in transit, court documents, Pre-Sentence Investigations).
- If offender self-discloses information that could impact assessed risk (e.g., prior abuse, sexual orientation/identity)
- When there is a finding of guilt on certain infractions listed in the PREA Risk Assessment, including violent infractions and infractions for sexual assault/abuse.
- When an employee/contract staff observes offender behavior suggesting potential for victimization or predation.
- For substantiated allegations of offender-on-offender sexual abuse/ assault or staff sexual misconduct

All PREA Risk Assessments will be completed in the offender's electronic file. Assessments must be completed in person with the offender.

- In the event the assessment cannot be completed in the offender's electronic file, Classification Counselors and Community Corrections Officers (CCOs) may use DOC 07-019 PREA Risk Assessment to document assessment information and update the electronic file as soon as practical.

Information for assessments may be obtained from available file information, an interview with the offender, and any other reliable source.

- The source of the information will be documented in the comment section of the assessment.
- Offenders are not obligated to answer assessment questions.

DOC 490.860

All PREA data containing personal identifying information will be maintained as Category 4 data per DOC 280.515 Electronic Data Classification.

DOC 280.310

Department Information Technology (IT) resources are Department property, and the Department is obligated to protect them. The Department will take physical and technical precautions to prevent misuse, unauthorized use, and accidental damage to IT resources, including equipment and data. IT use and access must follow state law, regulations, and Department policies and IT Security Standards.

Mandatory criminal history background checks, as required in DOC 810.015 Criminal Record Disclosure and Fingerprinting, must be completed and cleared prior to granting access to IT resources.

Access rights and privileges to IT resources will require prior authorization.

New or transferred employee user accounts and deletion of employee user accounts will be generated by the Human Resources Management System (HRMS) through the IT service request process.

- If the request has not been generated before the employee needs access, the supervisor, Appointing Authority, or Logon Identification (LID) Coordinator may send an email to the Account Administrative Unit to request.
- DOC 08-076 Information Technology Security Data Request will be used if immediate deletion of an employee's user account is required.

The LID Coordinator will use DOC 08-012 IT-DOC Systems Access Request (SAR) to request user account creation or suspension for contract staff and volunteers.

For other non-Department personnel, authorization to use IT resources requires approval from the appropriate Appointing Authority and the Chief Information Officer (CIO)/designee. - Electronic data will be stored and transmitted consistent with their classification per the Data Classification Standards unless a more restrictive data sharing agreement is in place.

Each staff is responsible for electronic data in his/her care, and will:

- Protect data at all times to avoid unauthorized access, loss, theft, or improper disclosure,
- Access, use, and release of Department electronic data as necessary to satisfy the business need,
- Handle non-Department electronic data in compliance with applicable laws and data sharing agreements, and will not request electronic data unless necessary to satisfy a business need, and

Staff will immediately report to the Chief Information Security Officer any:

- Unauthorized access or release of Category 2, 3, and 4 data.
- Lost or stolen computer equipment or portable electronic storage media (e.g., laptop, USB drive, flash drive) that contains Category 2, 3, or 4 data.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

The State of Washington Department of Corrections (WADOC) has two policies related to and meeting compliance with this standard. Auditor was provided policies which were reviewed for complete standard compliance. This auditor included some sections/segments of the DOC policy that is applicable in part to this standard within the comment section.

- DOC 490.820 - Prison Rape Elimination Act (PREA) Risk Assessments and Assignments
- DOC 300.380 – Classification and Custody Facility Plan Review

Supporting documents provided

- OMNI PREA Risk Assessment – Assessor and Reviewer User’s Guide
- PREA Risk Assessment for Assessors and Reviewer LMS (training slides)
- OMNI case note (3 random samples)

ECWR did not have any inmates who identify as transgender or intersex during the 12 month audit time frame or while auditors were on-site.

During CCO interviews related to 115.241 and 115.242 this auditor was informed that the Transition House, Inc. Assistant Director is authorized limited access to OMNI and is responsible for housing assignments based on assessments which are completed by WADOC classification staff.

Prior to an offender transferring from one facility to another a transfer manifest is prepared by the DOC transportation unit. This transfer manifest is shared with the sending and receiving facilities. Per the DOC policy 300.380, Classification and Custody Facility Plan Review and DOC 490.820, Prison Rape Elimination Act (PREA) Assessment and Assignments, facility staff will hold a multi-disciplinary team (MDT) review of the offender's listed on the transfer manifest prior to his/her arrival at the receiving facility. This screening review must include any history of predatory violence or predatory sexual violence, history of medical/mental health needs, safety/security concerns that impact housing or programming and appropriateness of specific work assignments. This screening is documented in the electronic OMNI system and entitled the Incoming Transport Job Screening (1TJS).

This information is shared with The Transition House, Inc. Assistant Director to ensure residents are housed appropriately.

DOC 300.380

Screening committee reviews will be documented on the Incoming Transport/Job Screening Checklist. The screening will include, at a minimum:

- History of predatory violence and/or predatory sexual offenses,
- History of medical and/or mental health conditions that affect housing or programming or require immediate referral for medical/ mental health services,
- Safety/security concerns that may impact housing or programming,
- Employment screening,
- Offender Needs Assessment information, and
- Prison Rape Elimination Assessment (PREA) information per DOC 490.820 Prison Rape Elimination Act (PREA) Risk Assessments and Assignments.

For offenders with a documented history of predatory violence or predatory sexual offending, additional mental health and/or other employees/contract staff may be included to provide general input about areas of potential risk based on history.

Any concerns regarding work, treatment, education, offender change programs, or other activities raised after reviewing the offender's PREA Risk Assessment will be documented in the Summary/Statement field in the other section of the Incoming Transport/Job Screening Checklist, which will include any applicable mitigation strategies.

DOC 490.820

PREA Risk Assessment information will be reviewed when making job and programming assignments per DOC 300.380 Classification and Custody Facility Plan Review

Before placing the offender in a multi-person cell/room, employees responsible for making housing assignments will review the PREA Risk Assessment identifier to ensure the compatibility of cell/roommates.

For offenders who have not had a PREA Risk Assessment, either at the sending facility or on a prior incarceration, a mental health employee/ contract staff will review the completed DOC 13-349 Intersystem Mental Health Screening for information impacting the offender's housing assignment.

Employees will document the review in a PREA Housing chrono entry for each cell occupant.

Housing compatibility reviews and related PREA Housing chrono entries are not required for offenders being placed in dedicated single-person cells (e.g., Intensive Management Unit, segregation, mental health units).

If an offender is transferring between facilities, housing reviews can be completed in advance of the offender's arrival as long as a review is done to ensure the offenders assigned to the designated cell have not changed before the arriving offender is placed in the cell.

An offender who scores at potential risk for sexual victimization will not be housed in the same cell/room as an offender who scores at potential risk for sexual predation.

- Facilities with dormitory/open housing will establish procedures for appropriate bed assignments for at risk offenders.

In Work Releases, the review committee will include the CCS and assigned Classification Counselor/CCO.

The committee will meet, either in person or by phone, to discuss the case and determine its recommendation.

Housing placement recommendations will be submitted to the Prisons Command B Deputy Director for final review and approval.

If DOC 02-384 Protocol for the Housing of Transgender and Intersex Offenders is approved by the Prisons Command B Deputy Director indicating transfer to a facility, the receiving facility will complete Section Two of the form.

- The receiving facility review committee will conduct an interview with the offender, arranged by sending facility staff. The interview may be conducted telephonically or in person, as applicable.

If placement within the facility has not been approved by the Prisons Command B Deputy Director before the offender arrives at the facility, the offender will be housed as follows:

- In Work Release, the offender will be housed in a single person room or a room with an offender(s) assessed as "No Risk".

Review committees will reassess placement and programming assignments every 6 months using DOC 02-385 Protocol for Housing Review for Transgender and Intersex Offenders to review any threats to the offender's safety.

A Headquarters, Multidisciplinary Team (MDT) will meet to review housing assignments as determined and chaired by the Prisons Command B Deputy Director. The MDT will include the following individuals or their designees:

- PREA Coordinator,

- Assistant Attorney General,
- Chief Medical Officer,
- Chief of Psychiatry,
- Emergency Operations Corrections Specialist,
- Selected stakeholders from the community, and
- Others as identified on a case-by-case basis.

Facilities will develop local procedures to allow transgender and intersex offenders the opportunity to shower and dress/undress separately from other offenders. This may include individual shower stalls, separate shower times, or other procedures based on facility design.

Transgender or intersex offenders may report housing/showering issues to the Superintendent/CCS/designee.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Element (a) an agency shall be exempt from this standard if it does not have administrative procedures to address inmate grievances regarding sexual abuse.

Memo dated December 20, 2016 and signed by Secretary of Washington Department of Corrections, states that WADOC does not process PREA-related allegations through the offender grievance process.

This auditor checked off complaint on elements as there is policy and procedure should an inmate file a grievance, however, the grievance is not processed via the agency grievance policy and procedure.

WADOC has two policies related to and meeting compliance with this standard. Auditor was provided policies which were reviewed for complete standard compliance. This auditor included some sections/segments of the DOC policy that is applicable in part to this standard within the comment section.

- DOC 490.800 – Prison Rape Elimination Act (PREA) Prevention and Reporting
- DOC 550.100 – Offender Grievance Program

ECWR did not receive any grievances with PREA allegations during this audit time frame.

DOC 550.0100

Grievances alleging sexual misconduct will be forwarded to the PREA Coordinator per DOC 490.800 Prevention and Reporting of Sexual Misconduct and will not be reviewed through the grievance process

DOC 490.800

Offenders may report PREA allegations in the following ways. Reporters may remain anonymous:

Offender grievances, including emergency offender grievances, per DOC 550.100 Offender Grievance Program and the Offender Grievance Program Manual. Copies of grievances alleging sexual misconduct will be forwarded immediately to the applicable authority per the PREA Reporting Process attached to DOC 490.850 Prison Rape Elimination Act (PREA) Response. The offender will be notified via the grievance response that the allegation was forwarded for review for a possible PREA investigation. WADOC memo dated December 20, 2016 and signed by agency PREA coordinator related to element (b)

The Revised Code of Washington (RCW) 5.60.060 specifies confidentiality standards for community victim advocates. The law states:

(7) A sexual assault advocate may not, without the consent of the victim, be examined as to any communication made between the victim and the sexual assault advocate.

- (a) For the purposes of this section, "sexual assault advocate" means the employee or volunteer from a sexual assault program or underserved populations provider, victim assistance unit, program or association, that provides information, medical or legal advocacy, counseling, or support to victims of sexual assault, who is designated by the victim to accompany the victim to the hospital or other health care facility and to proceedings concerning the alleged assault, including police and prosecution interviews and court proceedings.
- (b) A sexual assault advocate may disclose a confidential communication without the consent of the victim if failure to disclose is likely to result in a clear, imminent risk of serious physical injury or death of the victim or another person. Any sexual assault advocate participating in good faith in the disclosing of records and communication under this section shall have immunity from any liability, civil, criminal, or otherwise, that might result from the action. In any proceeding, civil or criminal, arising out of a disclosure under this section, the good faith of the sexual assault advocate who disclosed the confidential information shall be presumed.

However, the federal Violence Against Women Act (VOWA) prohibits disclosure of information collected in connection with services requested, utilized, or denied through grantees' and sub-grantees' programs within the informed, written, reasonably time-limited consent of the person.

Due to these more restrictive confidentiality parameters, the advocates providing services and support to offenders require a signed release prior to disclosure of information. Incarcerated individuals are informed of these confidentiality parameters in a brochure regarding access to community victim advocates and in orientation sessions.
