Effective June 11, 2021, the period the Department of Corrections is authorized to supervise individuals may be reduced by the earned award of SCC pursuant to RCW 9.94A.717. As of your Supervision Compliance Credit (SCC) start date on an eligible cause, you can earn 10 days of SCC each calendar month on the above listed cause(s) if you meet the SCC monthly criteria listed below. A review will be conducted monthly and if SCC is earned, your overall scheduled end date will be reduced by a total of 10 days, regardless of how many causes are eligible for SCC.

SCC Monthly Criteria:

- Be available for supervision every day of the calendar month
- Be supervised in Washington State and not transfer supervision to another state under the Interstate Compact (ICOTS)
- Be in compliance with all conditions of supervision
- Have no identified or addressed willful violation behavior
- Be making progress towards the goals of your individualized supervision case plan, including:
 - Participating in specific targeted interventions, risk-related programming, or treatment, or
 - Completing at least one step towards any of your specific targeted goals that enhance protective factors and stability.

Specific Targeted Goals (i.e., SCC Goals):

I acknowledge the following specific targeted goals apply to my SCC eligible cause(s):

- To Lawfully Support Myself and Meet My Financial Responsibilities
- To Engage in Prosocial Behaviors and Activities

Notices:

- SCC will not be granted for the first and last months of supervision.
- If non-compliance or an error is discovered after SCC is awarded, the SCC will be adjusted.
- If a monthly SCC was not earned, the decision is considered final and cannot be appealed.

I have read, or have had read to me, the information above. I understand that if I have questions, I may ask my assigned case manager for clarification. I also understand this acknowledgment applies only to the sentence(s) listed above.
