

# Department of Corrections

## Maximum Expiration Date Calculation

### Example

- |  |   |
|--|---|
| 1. Start with the total sentence length<br>(convert to days)                       | 36 months = 1095 days                                     |
| 2. Subtract the number of days of jail<br>credits served on sentence charge(s)     | 1095 days<br>- 60 days                                    |
| 3. Equals the number of days to reach<br>the maximum expiration date               | = 1035 days   |
| 4. Add the total number of days to be<br>served in DOC to your DOC arrival<br>date | 01/01/2009 (DOC arrival date) +<br>1035 days = 11/02/2011 |
