Neutral Posture® allows you to select the components that are best suited to fit your individualized needs. First choose your back, seat, arm, and chair mechanism control. Insert their corresponding part numbers into the formula to create your unique model number.

*Neutral Posture® Seating*

People come in all different shapes and sizes. As anyone knows, one size does not fit all. Correctional Industries offers Neutral Posture® seating that can be configured to fit your exact needs.

**NPS8800**  
 High contoured back and large seat with minimal contour. Shown with optional adjustable headrest.

**NPS6800**  
 High back and large seat with minimal contour.

The longer you sit, the more important the fit. You'll find that our Neutral Posture® seating can physically match your body size and shape, and support you properly.
