Topic of Interest

COVID-19 Informational Calls for Family and Friends

- Each Washington State correctional facility has a local family council (LFC), which is comprised of family members who have an individual incarcerated at the facility, and department employees. These LFCs have working relationships that were in existence prior to COVID-19. The decision was made to invite LFC members to attend a regularly scheduled informational call with facility management to receive firsthand information from those who are in the facility working through the COVID-19 pandemic response. These calls then adopted the name “Local Family Council COVID-19 Informational Calls.” Since that time, headquarters staff and local facility staff have encouraged all individuals who are approved visitors with an incarcerated individual at that respective facility to attend these regularly scheduled calls.

- To find out more information about these calls, please visit the Informational Calls for Family & Friends section of the COVID-19 Frequently Asked Questions webpage.
