Submitted Questions

None.

Other notable and non-related issues:

- Notes on the JPay project per meeting discussion:
 - (notes from 10/13/20):
 - *Project to update current JPay/Aventiv wireless backbone infrastructure to current Aventiv accepted standards concerning Rocket and Nano access points and Air-Fiber bridges for all locations. The expected work is to replace Generation 1 Rocket and Nano access points with Generation 2 units supplied by Aventiv, replace the existing Rocket antenna where needed with supplied replacements, and replace any existing AirFiber unit not of current model standard of "UBIQUITI AIR FIBER 5, SHI AF-5 US" or current Aventiv standard at the time of execution as supplied by Aventiv. In addition, several sites will receive Fortinet switch upgrades in their head ends to accommodate the increased bandwidths.*
 - This was verified with Jake Campbell, Engineering Supervisor at WSP.

- *** Note from Anna on this JPay project***
 HQ stated that the JPay job is ongoing. They will not be completed with this job for some time as they are slotted to BEGIN the next phase on November 9th.
- Our recreation staff is back today and will be implementing openings with limited movement and activities, hopefully we will know what this all looks like in a couple days.
- The Superintendent has approved the COVID meeting notes to be put out as an announcement for the population. These notes have been sent out, however there is no way to format them so they look like a jumbled mess and may take a bit to read them.
- We are still waiting for cable option quotes. It has been 2 to 3 months.
- Are there any updates with the Library? Some of our loved ones love to read.
 - The Library is run by the state, we haven't seen a plan but will check on this.
- Questions regarding food: Are there no healthy options available? We send food to him but is there somewhere we can see the food menu on line?
 - Loretta will be at the meeting tomorrow and she has a lot of information on that.
 - There may be some information on the website as well.
- The LFC meeting will be tomorrow, October 28th from 6:00 PM to 7:30 PM. We will be doing the assignments.
