## Other Questions

How are vaccines going?

- Vaccines for staffing are about done.
- We have already given shots to the “at risk” incarcerated individuals and are starting them for the rest of the population.

Follow up on the comfort items: These items have been packaged and were delivered last night. They were playing cards, crayons, meat/cheese sticks, deodorant, starburst candies and Gatorade. We have been instructed to order more comfort items. We have put a message out to the unit managers to speak to their OCL's and get us a list by the end of the week.

Because WSP's numbers are so good, we will ask at the local family council meeting tomorrow for consensus to have the COVID meetings every other week again.
