POLICY:

I. An employee/contract staff’s Appointing Authority must approve all outside employment, as well as any volunteer activity which may present a potential conflict of interest.

A. Outside employment is defined as providing goods or services in exchange for monetary or other material compensation. This includes self-employment, but does not include receiving income from rental properties or the sale of family or personal household goods.

B. Volunteer activities are activities performed during the employee/contract staff’s time off work for which no monetary or material gain is expected or received. Activities include participating as a board member or consultant to boards in community affairs, committees, councils, or other similar groups.

II. Some of the provisions of this policy do not apply to represented employees. Employees represented by a bargaining unit should refer to the applicable Collective Bargaining Agreement.

DIRECTIVE:

I. Approval Requirements

A. Employees must obtain Appointing Authority approval for all outside employment and honorariums, and for any volunteer activities which present a potential conflict of interest. Approval is not required for employees serving as a Department volunteer per DOC 530.100 Volunteer Program.

1. Approval will be documented using DOC 03-026 Outside Employment/Volunteer Activity before the employee begins the activity.

   a. New employees who hold outside employment or who engage in volunteer activities which present a potential conflict of interest must submit DOC 03-026 Outside Employment/Volunteer Activity within 30 calendar days of appointment.

      1) If the request is denied, the employee must choose to discontinue either the outside employment/activity or employment with the Department.
2. The Human Resources Director has the delegated authority to approve/deny outside employment and volunteer activities for the Secretary and Assistant Secretaries.

3. Employees who accept a new position which presents a potential conflict of interest with previously approved outside employment or volunteer activities must renew the approval.

B. Contract staff must obtain Appointing Authority approval using DOC 03-026 Outside Employment/Volunteer Activity before beginning any volunteer activities which present a potential conflict of interest.

   1. New contract staff who engage in volunteer activities which present a potential conflict of interest must submit DOC 03-026 Outside Employment/Volunteer Activity within 30 calendar days of appointment.

      a. If the request is denied, the contract staff must choose to discontinue either the volunteer activity or service with the Department.

C. All changes in outside employment/volunteer activities which present a potential conflict of interest must be reported using DOC 03-026 Outside Employment/Volunteer Activity to renew the approval.

II. Outside Employment

A. With proper approval, employees may hold outside employment, provided the employment does not:

   1. Create an actual, potential, or appearance of a conflict of interest,

   2. Use Department resources, even on a de minimis basis, or create financial obligations for the Department. Employees may not use:

      a. Their Department phone number or email address to send or receive messages pertaining to outside employment.

      b. State equipment or supplies (e.g., computers, copy machines, fax machines, office supplies, vehicles, and/or facility space) to support outside employment.

      c. State time to conduct any outside business.

      d. Any confidential information gained through their employment with the Department to support or further their outside employment.
3. Interfere with the proper performance of assigned duties, and/or

4. Conflict with the code of ethics per RCW 42.52.

B. Employees will not engage in outside employment or conduct business:

1. With a person or organization that provides direct or contractual services or goods to the Department, uses the services of the Department, or whose operations are regulated by the Department, unless:
   a. The nature of the employment, as determined by the Appointing Authority/Human Resources Director, is clearly unrelated to employee’s assigned duties, and
   b. The employee does not have, or appear to have, the opportunity to influence the relationship between the employer or organization and the Department.

2. If the employment would require or encourage disclosure of confidential information acquired as a state employee or use of such information for the gain or benefit of the employee or another person.

3. If the employment or business relationship is with a Department employee in the chain of command.

4. With offenders, their family members, or known associates, except as defined in DOC 530.100 Volunteer Program or the employee’s position description.

C. In certain instances, outside employment with another state agency will require prior approval by the Executive Ethics Board. Information is available on the Executive Ethics Board website at http://ethics.wa.gov.

III. Honorariums

A. With proper approval, employees may accept a monetary honorarium for a one-time speech or presentation in connection with their official role.

1. Employees may use state time and resources to prepare and conduct the approved presentation.

B. An honorarium will not be authorized when the person/organization offering it is:

1. Seeking or expected to seek a contract with the Department, and the employee might participate in the acceptance or terms of the contract.
2. Regulated by the Department, and the employee may participate in the regulation.

3. Likely to seek or oppose legislation or policy changes influencing the Department, and the employee may participate in the changes.

2. Use Department resources or create financial obligations for the Department,
3. Interfere with the proper performance of assigned duties, and
4. Conflict with the code of ethics for state officers and employees per RCW 42.52.

B. Employees and contract staff may not serve as a board member or consultant if, in their official assignment with the Department, they would have any responsibility for acting on applications from the organization, or for evaluating, monitoring, or making referrals to the services provided by the organization, or if their service would conflict with the discharge of responsibilities to the Department.

1. If necessary, employees and contract staff will limit participation as a board member or consultant to avoid questions of conflict of interest. This limitation will include disqualifying themselves from discussion of or voting on certain matters.

2. Employees and contract staff may not serve in any capacity that would involve responsibility for signing applications to the Department for allocation or granting of funds.

3. Employees and contract staff may not actively participate in soliciting funds or grants from the Department. This restriction also applies to letters of support for funding requests.

4. Exceptions must be approved by the appropriate Assistant Secretary.
