POLICY:

I. The Department is committed to providing a safe and secure working environment. Workplace violence will not be tolerated, including, but not limited to, any verbal assaults, threatening behavior, or physical assaults occurring in state offices, facilities, work sites, or vehicles, or while conducting state business.

II. All employees/contract staff are responsible for contributing to a safe and secure work environment and reducing the potential for workplace violence. Any discrimination or retaliation against any person who reports or participates in the investigation of workplace violence will not be tolerated.

III. The Department is committed to working with employees/contract staff who are victims of workplace violence, or victims of domestic violence, sexual assault, and/or stalking, to prevent abuse and harassment from occurring in the workplace. The Department will provide appropriate support and assistance to employees/contract staff who are victims of violence.

IV. Non-Department issued firearms or other weapons are not permitted in the workplace or state owned vehicles, except as authorized by DOC 420.240 Personal Firearms.
