3. North Central Association of Colleges and Schools’ Higher Learning Commission,
4. Northwest Commission on Colleges and Universities,
5. Southern Association of Colleges and Schools’ Commission on Colleges, and

B. Employees must have permanent status, permanent-project status, or be in probationary employment status with the Department from the time of application until reimbursement for payment is submitted.

1. Employees on a temporary assignment at another agency cannot initiate a tuition reimbursement request with the Department.

2. Employees whose official work schedule is part-time will receive reimbursement relative to their work schedule (e.g., half-time employees receive 50 percent of allowable reimbursement).
C. If the employee leaves Department service before completing the entire reimbursement process, the Department will not provide reimbursement.

   1. If the employee moves to another agency on a temporary assignment before completing an approved course, the Department may provide reimbursement upon satisfactory completion of the course.

D. Participation must not interfere with scheduled work or negatively affect work performance.

   1. Attendance in a class is not a valid reason to refuse mandatory overtime.

E. Tuition reimbursement will not cover training courses, seminars, etc., unless the employee receives accredited college credit for participation.

F. There must be a relationship between the course(s) and the employee’s projected career path within the Department, or attainment of a degree that benefits the employee and Department.

G. Due to the wide range of class terms, the following schedules will be used. The term in which the class falls will be determined by the date that the class is completed:

   1. Winter term – January through March
   2. Spring term – April through June
   3. Summer term – July through September
   4. Fall term – October through December

II. Request Process

A. Employees will complete Section A of DOC 03-510 Tuition Reimbursement Request and submit it to their immediate supervisor, who will forward the request to the Appointing Authority.

B. Maximum tuition reimbursement for an employee will not exceed $5,000 in a calendar year.

C. Other related costs (e.g., lab fees, special administrative fees, videos, books, supplies, travel, parking, other administrative fees, etc.) are not reimbursable.

D. The tuition reimbursement amount combined with federal or other education reimbursement funds (e.g., G.I. Bill benefit, grant, scholarship) cannot exceed the actual total cost of fees, tuition, and books for any course of study.
