PRE-84

- HENTZ, Leumal
- DOC #273702
- Purpose: Full Board Discussion
- Date: September 22, 2025
- List of Documents Reviewed
 - ISRB File
- An updated prosecutor recommendation was not received.
- Leumal Hentz was seen for a 9.95.052 – Redetermination hearing on September 9, 2025, at the Monroe Correctional Complex.
- **Summary Discussion**
Jeff Patnode presented the case to the full Board.
- Leumal Hentz is under the jurisdiction of the Board for their conviction of Rape in the First Degree; Robbery in the Second Degree; Kidnapping in the Second Degree and Intimidating a Witness in Pierce County Cause 57756.

In 1980, Mr. Hentz raped, robbed and intimidated an unknown female who was walking on the street. He was 21 years of age at the time of the crime and is currently 66 years of age. One month prior to this offense, Mr. Hentz

attempted to rape, rob, kidnap and take a vehicle belonging to an unknown female he met at a 7-11 store.

Previous Criminal History:

After being paroled in 1984 Mr. Hentz was arrested in Oregon for new felony charges. In 1986, he was convicted of Attempted Rape in the First Degree; Kidnapping in the Second Degree; Robbery Third Degree; Assault in the Fourth Degree and Unauthorized Use of a Motor Vehicle.

Mr. Hentz was released in 1988 and shortly after his release he absconded from supervision. He was returned to custody in Washington.

In 1994, Mr. Hentz was released to Oregon. In September 1995, he was indicted for new felony charges of two counts Unlawful Sexual Penetration in the First Degree; and four counts of Sexual Abuse in the First Degree.

Risk assessments show him to be a high moderate risk to re-offend.

Mr. Hentz has not incurred any serious infractions since 1984.

Mr. Hentz has not participated in any programming.

- **Decision:**

- Hold to stat max on counts I and II, sets an 80-month minimum term on count III, sets a 60-month minimum term on count IV, and sets a 24-month minimum term on count V.

- **Reasons:**

- Mr. Hentz has unmet treatment needs that should be addressed prior to his return to the community. He is currently participating in the Sex Offender Treatment and Assessment Program (SOTAP) at the time of this hearing. He will need to complete this program and address his use of substances as it relates to his prior criminal history as well as participate in any reentry programming that is available to him.
- In his most recent psychological evaluation, completed in June of 2025, PhD Robtoy opines that "Mr. Hentz is more likely to be successful in the community if (sic) abstains from drug and/or alcohol use. Any evidence of Mr. Hentz using substances should be addressed immediately and considered a major risk factor for violence." Additionally, she indicates the following, "Mr. Hentz is more likely to be successful in the community if he has access to programming where

they discuss issues/stress associated with the process of transitioning to life outside of prison. A structured regular group activity would also provide additional exposure to a positive peer culture with others who might be experiencing similar stressors related to adjusting to the community.”

- The same June psychological evaluation indicates the following:

Mr. Hentz is assessed to be a high moderate risk for violent recidivism in less restrictive settings. At the time of this evaluation, Mr. Hentz was a questionable candidate for parole. Successful completion of the SOTAP and demonstration of increased accountability would be positive indicators that he might be an appropriate candidate to be considered for release to parole.

- **Recommendations:**

- Mr. Hentz should participate in any available programming that will address the following: Sex Offense (SO) behavior, Substance Use Disorder (SUD) behavior, and any programming that will prepare him for reentry into the community after an extended time of incarceration.

- **Next Action:**

- Schedule a .100 Hearing 120 days prior to his ERD on count III.
