PRE-84

- LAKEY, Hershel
- DOC #255710
- Purpose: Full Board Discussion
- Date: October 13, 2025
- List of Documents Reviewed
 - ISRB File
- An updated prosecutor recommendation was received. The Prosecutor does not support the release of Mr. Lakey.
- Hershel Lakey was seen for a .100 hearing on September 23, 2025 at the Airway Heights Corrections Center.
- **Summary Discussion**
Jill Getty presented the case to the full Board.
- Hershel Lakey is under the jurisdiction of the Board for their conviction of Theft in the First Degree in Thurston County Cause 79-1-00068-3.

Mr. Lakey met a woman at a bar when out celebrating his birthday. They went back to her place and Mr. Lakey stabbed her multiple times to which

the victim did not survive. Mr. Lakey then stole her car. He was 21 years of age at the time of the crime and is currently 67 years of age.

Previous Criminal History:

Mr. Lakey's criminal history began as a juvenile in 1974 when he was 16 years old. He was convicted of Indecent Liberties. And in 1976, now an adult, he was convicted of stealing a car and having marijuana at a high school football game.

Risk assessments show him to be a moderate high risk to re-offend.

Mr. Lakey has had no serious infractions in the last five years.

Mr. Lakey has participated in some programming for sexual deviancy as well as substance abuse.

Mr. Lakey was released to a Mutual Re-Entry Plan (MRP); however, this was delayed due to the lack of a Forensic Psychological Evaluation (FPE).

- **Decision:**

The Board rescinds their decision of March 24, 2025, finding Hershel Lakey conditionally parolable to a Mutual Reentry Plan. No time has been added to his minimum term, however, an FPE is required prior to his next hearing.

- **Reasons:**

- Evidence that an incarcerated individual presents a substantial danger to the community if released. 4pts/Moderate-High Static 99R; 13pts/High Stable 2007; Bin 8/9 VRAG; 19pts/ Moderate PCL-R; ESRC has recommended that Mr. Lakey participate in a Forensic Psychological Evaluation (FPE) prior to a finding of parole.
- He has not had the opportunity to progress on his MRP.
- Both static and dynamic risk assessments (Static 99R, Stable 2007; VRAG-R, and PCL-R) estimate Mr. Lakey's risk of sexual and/or violent re-offense to be moderate/high. In addition, his score on the PCL-R suggested that his personality structure may indicate an increased risk for future problems such as following laws or respecting the rights of others.
- The End of Sentence Review Committee (ESRC) Sexually Violent Predator (SVP) Subcommittee has recommended that an FPE be conducted to assess whether Mr. Lakey meets SVP criteria pursuant to RCW 71.09 prior to a finding of parole. Only a small percentage of the highest risk individuals are reviewed for and selected by the ESRC

SVP Subcommittee for an FPE, indicative of the risk Mr. Lakey presents at this time.

- Mr. Lakey would likely be unable to access lower levels of custody within DOC on a Mutual Re-Entry Plan (MRP) to progress through lower levels of custody until the FPE has been completed.

- **Recommendations:**

- Sober Support Groups.
- Other Programs, if eligible. Such as: Thinking for a Change, Redemption, Bridges to Life, Alternatives to Violence, Domestic Violence Treatment.
- Remain infraction free and have positive interactions with staff.
- Develop a release plan/community support.

- **Next Action:**

- Schedule a .100 Hearing approximately 120 days prior to Parole Eligibility Review Date. A Forensic Psychological Evaluation (FPE) will be required for the next hearing.
