Community Partnership Program Coordinator (CPPC)

CPPC's role in Washington State Department of Corrections facilities

Community Partnership Program Coordinator (CPPC)

Facility CPPCs recruits and train community volunteers in collaboration with other facility personnel in an effort to expand and support the incarcerated population. This includes processing volunteer applications for the facility.

Direct and promote new and existing programs through the utilization of staff, volunteers, or outside community agencies and members.

Manage/document volunteer processing to include recruitment, assisting with initial training, documenting continued annual training and providing guidance to volunteers concerning facility specific operations.

- **CPPC's role in Washington State Department of Corrections facilities Continued**

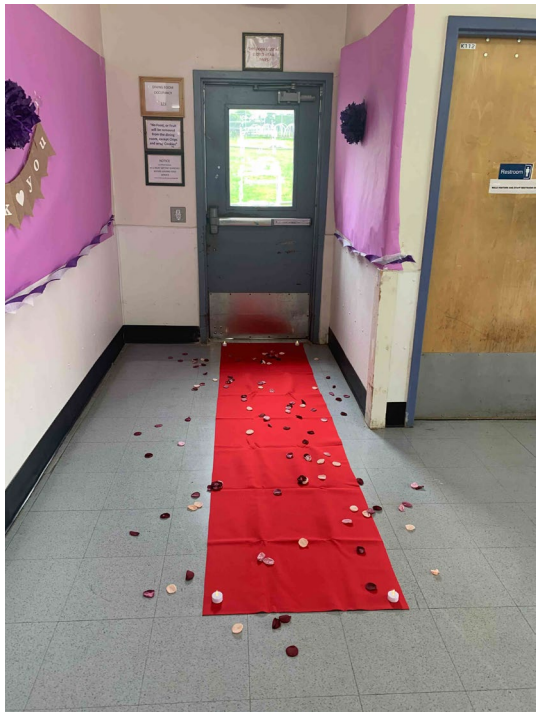
- The Community Partnership Program Coordinator (CPPC) has oversight of the facility Family Friendly programs.

- They coordinate family friendly events, many of these are focused on engagement with children and are focused on family reunification.

- Work with the facility to submit proposals for Offender Betterment Funds (OBF) in relation to annual Family Friendly budget in support of facility programs/events/activities.

Family Friendly Events

Filed Day with Fathers



Mothers Day

Winter Fair

Policy

DOC 530.150 Family Centered Services

The Family and Volunteer Services Manager provides all training to CPPC's as well as updates on policy, changing practices and volunteer programs.

CPPC's manage volunteer and family programs at each facility and are directly supervised at the facility level.

DOC headquarters supports the CPPC at each facility through training and updates however other duties can be assigned to the CPPC's by the facility.
